Can the three of you get together and come up with the top SUNY innovation ideas for 2009 based on our research.

Use our affiliate corps, grants this past year and conversations with Bobbi, Jim W and Guven. I will follow up over coming days. CK can be in lead on this. Will relate to next Chancellor. Thanks. JJO

Thanks for the reminder. I set up a meeting for Thursday p.m.
Do you have thoughts on a plan for accomplishing this (and a good role for Susan)?

John,

I am sorry to be dense but need a little clarification. You want us to identify the promising areas of investigation at SUNY that will yield innovations that will change lives/work and lead to economic development?

Things like nanotech, promising drugs or devices, alternative energy solutions?

CK

Greg/Cathy –
We will have to meet about this.
I'm still not clear on what I'm supposed to be doing.

Hi Bobbi,
I have to cancel our meeting for tomorrow scheduled for 10:00AM.

Could you please put together the requested information, and forward to Cathy by the first part of next week?

Thank you,
Susan

Susan,

It would be preferable for you to meet with Guven and Bobbi. Neither of them understands what we want from them without a meeting.
I double checked with JJO and he would like you to work with them more directly.

Call me if you want to discuss.

Susan I was out of the country for a vacation and just return.
I will talk to her tomorrow and provide what she needs.
Thanks for your help.

Hi Guven,

Could you please forward a the top 2009 SUNY Innovation Research to Cathy Kazluga by next Monday please?

She needs the requested information for a project she is working on for the new incoming Chancellor.

Thank you.
Susan
