I don't know how much more I can take. I can't sleep, I have no appetite and my hair is falling out. It depends on how everything goes but honestly I am ready to go if I have to.

He called [REDACTED] and told her that he wanted to see me at 8:15 in the morning at the office but I told her that I had a doctor's appointment at 8:30. So I called him and he told me that he wanted me gone by December and he wanted a detailed plan of me leaving by Tuesday.
