Just heard from Rick Karlin. He is working on Bruno Day II.

Is looking for a source based quote regarding potential referral to IG or DA. Your note from this am did not provide this for attribution-does this still hold?

Also, Joe Mondello has put out a statement critical of the Governor's single flight associated w/ fundraising event. He has indicated that he will FOIL the Governor's schedule.

I would like to respond that we routinely provide the Governor's schedule for public review, and if it is requested under FOIL we will fulfill the request.

Please advise if you would prefer to pick up this call or you would like me to return it.
