INTRODUCTION

Section 94(9)(l) of the Executive Law and § 1-d(g) of Legislative Law 1-A (the “Lobbying Act”), mandate that the Joint Commission on Public Ethics (“Commission”) annually report on and summarize its activities. In accordance with the law, the Commission issues this report for the calendar year 2017 including data relating to ethics and lobbying regulation.

In 2017, participation in lobbying declined slightly from the record levels in 2016, but the number of registered lobbyists, clients, and lobbying registrations (i.e., lobby-to-client relationships), still represent some of the highest figures ever reported to this Commission. For the second consecutive year, aggregate spending on lobbying remained relatively unchanged, with total spending by lobbying entities of approximately \$240.1 million, about \$2.6 million less than what was spent in 2016. However, spending on compensation paid to retained and employee lobbyists increased to \$221.2 million, about \$2.7 million more than what was spent in 2016.

The list of top ten highest lobbying spenders was not dominated by a single industry, but rather a combination of representatives from typically active industries, i.e., health, real estate and construction, education, and organized labor. The top spending entity was the Greater New York Hospital Association, Inc. at \$2.8 million, followed by Uber Technologies, Inc., AARP, and New York State United Teacher. Also included in the top ten were the New York State Trial Lawyers Association, Pharmaceutical Research and Manufacturers of America, United Federation of Teachers, Healthcare Association of New York State, Verizon, and Rent Stabilization Association of NYC, Inc.

Separately, in conjunction with this annual report, the Commission will publish the complete data filed by lobbyists and their clients for 2017 in spreadsheet format on its website, jcope.ny.gov. Additional summaries of lobbying data are included in this report. The full 2017 listing of lobbyists and public corporations and their financial data is attached hereto as Appendix B.

The report also highlights some of the Commission's achievements and successes in the areas key to its mission – education, regulation, and enforcement activities.

Throughout 2017, the Commission has been engaged in a rulemaking to develop the first set of comprehensive regulations under the Lobbying Act. In addition, in the fall of 2017, the Commission hosted an ethics conference and published a new book, [Ethics & Lobbying in New York State: A Comprehensive Guide](#), which provides in-depth guidance on a wide-range of common ethics issues.

During the year, as part of its continuing responsibilities, the Commission's Education Unit conducted numerous ethics programs for financial disclosure statement filers, State agency ethics officers, and lobbying entities; Commission staff handled hundreds of calls and emails seeking advice and guidance; and the Commission issued three Advisory Opinions covering topics of general importance to State officers and employees and lobbying entities. Commission staff also actively continued to pursue investigations and enforcement actions for alleged violations of Public Officers Law and the Lobbying Act.

Commission staff drafted recommendations for legislative amendments earlier this year, which can be found on our website, (go to the "Laws" main menu tab, then click on "Proposed Legislative Amendments" in the drop-down menu below that tab), so recommendations are not included with this report.

The Commission looks forward to continuing to effectively carry out its mission in 2018.

THE JOINT COMMISSION ON PUBLIC ETHICS

The Public Integrity Reform Act of 2011

The Commission was formally constituted in December 2011 by the Public Integrity Reform Act (“PIRA”) to oversee and regulate ethics and lobbying in New York State. The Commission has broad regulatory authority over the four statewide elected officials, candidates for those offices, Executive branch employees, members of the Legislature, candidates for the Legislature, and Legislative branch employees, as well as certain political party chairs, and registered lobbyists and their clients.

The Commission consists of 14 commissioners; three appointed by the Temporary President of the Senate, three appointed by the Speaker of the Assembly, one appointed by the Minority Leader of the Senate, one appointed by the Minority Leader of the Assembly, and six appointed by the Governor and the Lieutenant Governor. The Commission chairperson is selected by the Governor. Commissioners serve five-year terms as set forth in Executive Law § 94.

The Commission meets, at a minimum, bimonthly, but most commonly on a monthly basis, and appoints an executive director to run the functions and administration of the agency.

Structure and Staffing of the Agency

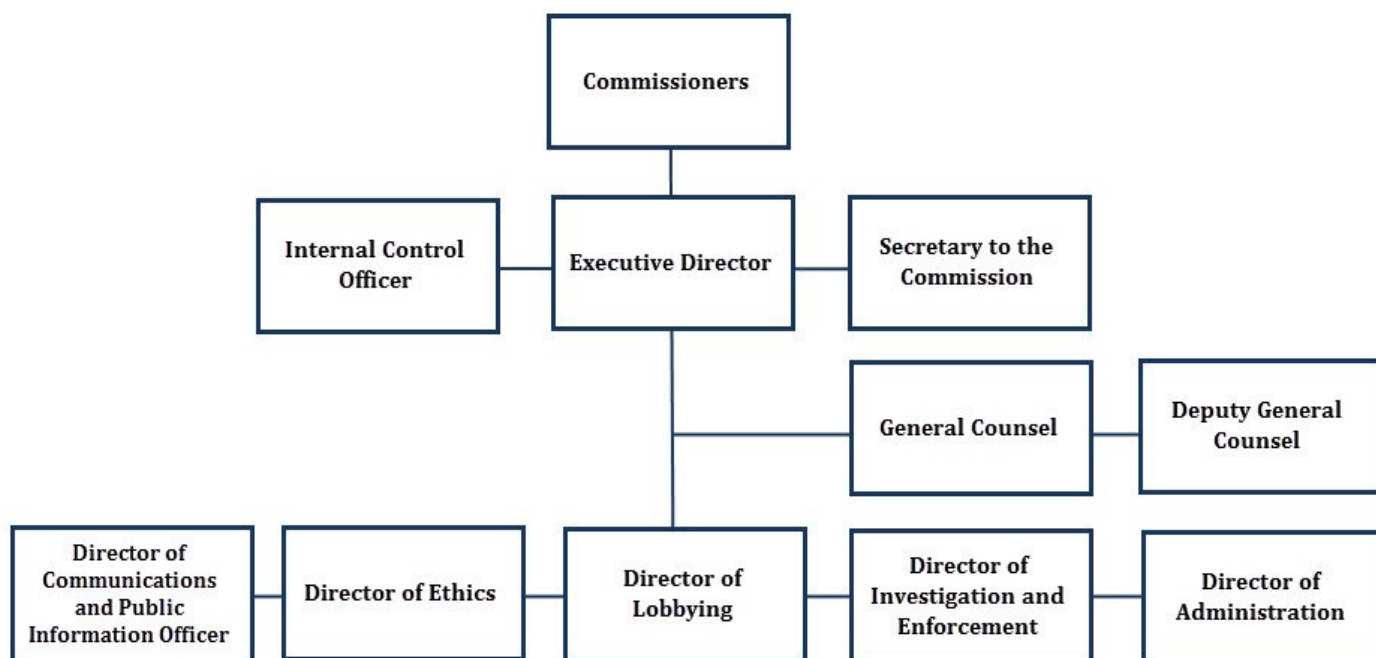

The Commission maintains a statewide presence with offices in Albany, New York City, and Buffalo, extending its coverage to the tens of thousands of State officers and employees, legislative members and employees, and registered lobbyists and clients located throughout the State.

The Commission currently has approximately 55 employees, including attorneys, investigators, auditors, filing specialists, and administrative staff. The agency and its staff is organized into five divisions consistent with its multiple statutory and administrative functions in order to maximize productivity and efficiency. Each division is overseen by a director, and each unit by a deputy director.

- 1) The Ethics Division is made up of two main units, Guidance and Financial Disclosure Statements, each of which is headed by a Deputy Director. The Guidance Unit manages the advisory function, providing advice to the state officers and employees who seek guidance in complying with the ethics laws. This function includes providing daily guidance to the regulatory community, drafting regulations and guidelines to clarify ethics issues, and developing educational material on the ethics laws. The Financial Disclosure Statement Unit administers and seeks compliance with the financial disclosure program under Public Officers Law § 73-a that provides the public with information about the outside financial interests of public officials and employees;
- 2) The Lobbying Division also consists of two main units, Statutory Filings and Guidance, each headed by a Deputy Director. The Statutory Filings Unit administers and seeks compliance with the disclosure requirements of the Lobbying Act. The Guidance Unit provides daily guidance in the form of advisory opinions, informal advice, regulations, instructions and educational materials to assist the regulated community in understanding its obligations, and to assist the public in accessing information about the entities that are attempting to influence government decisions;
- 3) The Investigations and Enforcement Division handles the intake and review of complaints alleging violations of the Public Officers Law, Lobbying Act and the Civil Service Law, conducts substantial basis investigations commenced by the Commission, and represents the Commission before an independent hearing officer adjudicating appropriate penalties for violations of the relevant provisions of the law;
- 4) The Communications and Public Information Division oversees the Commission's external communications, the release of public information, content on the Commission's website, requests for public records, and public meetings; and
- 5) The Administration Division manages the Commission's day-to-day administrative needs, including office management, financial transactions, and personnel matters.

Two units are shared between the Ethics and Lobbying Divisions: the Education Unit and the Compliance Audit and Review Unit. The Education Unit develops and presents the mandatory ethics training programs for State officials and lobbyists as well as other curriculum designed to provide specific guidance on additional topics. The Compliance Audit and Review Unit conducts the statutory random audit program to ensure compliance with the Lobbying Act and establishes and conducts reviews of the financial disclosure statements filed with the Commission.

The current executive team consists of Monica J. Stamm, General Counsel, Martin Levine, Deputy General Counsel, and the following division directors who report to the Executive Director: Stephen Boland, Director of Administration; Andrew Bechard, Director of Lobbying; Pei Pei Cheng de-Castro, Director of Investigations and Enforcement; Keith St. John, Director of Ethics; and Walter McClure, Director of Communications and Public Information Officer.

GUIDANCE AND OUTREACH

The Commission provides regular guidance to public employees and officials, lobbyists, and lobbying clients who are subject to the Commission's jurisdiction. On a daily basis, Commission staff and counsel interact with the regulated community, answering questions and addressing issues in both formal and informal communications. In addition, the Commission periodically promulgates regulations and guidelines in order to clarify and amplify provisions in the ethics and lobbying laws. The Commission also provides various training programs to the regulated community and maintains a website with resources as well as access to tens of thousands of publicly available filings, including certain public officials' financial disclosure statements and data filed by lobbyists and their clients.

Advisory Opinions

Pursuant to Executive Law § 94 and Legislative Law Article 1-a (Lobbying Act) § 1-d, the Commission issues formal Advisory Opinions, applying the Public Officers Law or the Lobbying Act to a particular issue or set of facts. These opinions are issued upon approval of a majority of the Commission and are binding on the Commission and on any individual who requested the Opinion, provided that the individual acted in good faith and neither omitted nor misstated any material facts. These opinions are published on the Commission's website as guidance to the regulated community, with identifying information redacted to preserve confidentiality.

In addition, upon request, Commission staff provides informal opinions, in areas where formal opinions have already established precedent. Most commonly, staff fields questions regarding restrictions on post-State employment and proposed outside activities by State workers. Individuals who receive informal opinions, which are confidential, may request a formal Advisory Opinion from the full Commission. Commission staff also reviews and approves requests from certain State officials to engage in an outside activity, and to accept

honoraria or reimbursement from non-State entities for travel expenses related to official duties.

In 2017, the Commission issued three formal Advisory Opinions, and Commission staff provided written guidance on approximately 570 inquiries, including requests for an informal opinion, outside activity approval, and official activity expense payment and reimbursement approval. This represents an increase of approximately 14% compared to 2016.

The following summarizes the formal Advisory Opinions issued in 2017. The full text of these and other Advisory Opinions are available on the Commission's website at jcope.ny.gov (go to the 'Laws' tab and click on the 'Advisory Opinions' tab in the drop-down menu).

Advisory Opinion No. 17-01

This Opinion extends the government-to-government exception to the post-employment restrictions. Specifically, the Opinion finds that employees of the State who seek post-State employment with any Closely Affiliated Entity ("CAE") that is defined as a State agency by New York State Finance Law ("SFL") § 53-a(5)(d) are covered by the government-to-government exception. CAEs are membership corporations that were created by and are "closely affiliated" with specific state agencies, and their purposes are essentially to support, supplement or extend the functions and programs of such agencies. Pursuant to SFL § 53-a(5)(d), each of the following Closely Affiliated Entities is designated as a State agency: Youth Research Inc., the Research Foundation for Mental Hygiene, Inc., Health Research Inc., the Research Foundation of the State University of New York, and Welfare Research Inc.

Previously, the State Ethics Commission had held that the post-employment restrictions would not be applied to a former State employee who changed employment from a State agency to the specific CAE associated with that agency, but it would apply if the former employee went to work for a different CAE. The Ethics Commission reasoned that the interests of the agency and its CAE are aligned, so the employee's skill and knowledge would continue to benefit the former agency. In the context of the special relationship between them, the Ethics Commission saw no inherent conflict between an agency and its CAE, but a

State agency might have little in common with a CAE founded by another agency, and therefore have conflicting interests. The Ethics Commission noted that employees of CAEs were not State employees (at that time) and therefore were not subject to the provisions of the Public Officers Law. Given the potential for unregulated conflicts, in the absence of the special relationship between a State agency and the CAE associated with such agency, the Ethics Commission determined that the post-employment restrictions would remain in effect if a State employee moved to the CAE of a different agency.

In 2007, however, Public Officers Law § 74 was amended to expand the definition of a “state agency” to include the CAEs identified in SFL § 53-a(5)(d). As a result, employees of CAEs are now public officers bound by the State’s Code of Ethics and subject to the Commission’s jurisdiction. Given that all employees of CAEs are subject to the same standards of conduct as State employees, and every employee of a CAE is statutorily obligated to work in the public interest, there is no longer a basis for distinguishing between the CAE of one’s own agency and the CAE of a different agency. Accordingly, the Commission concluded that the government-to-government exception to the post-employment restrictions should properly be applied to the CAEs, and the post-employment restrictions would not prohibit the inquiring individual from accepting the offer of employment.

Advisory Opinion No. 17-02

This Opinion clarified that under the Lobbying Act, an entity that wishes to contribute funds to an organization that lobbies on an issue of interest to the entity cannot avoid being identified as a source of funding for lobbying efforts by depositing such contributions in an attorney escrow account, from which the attorney (or law firm, as the case may be) would make contributions to the organization. Funds in an attorney escrow account are held by the attorney in a fiduciary role and always remain the client’s funds. Further, as a fiduciary, the attorney is subject to strict bookkeeping and reporting requirements, including maintaining separate bank accounts, checks, and deposit slips for the escrowed funds. This strictly segregated treatment of the funds emphasizes the fact that the contributing entity, and not the attorney, is the source of the contribution under the Lobbying Act. A party who knowingly identifies the attorney or law firm, rather than the owner of the funds held in the

attorney escrow account, as the source of the funding, would violate the law and could be subject to civil and other penalties.

Advisory Opinion No. 17-03

This Opinion modified the established test for determining when a State employee who is also a full-time student is exempt from the post-employment restrictions. In Advisory Opinion No. 91-1, the State Ethics Commission held that the purposes of the post-employment restrictions are not furthered when they are applied to State employees whose employment with the State is clearly secondary to their primary status as full-time students. The Ethics Commission proffered four criteria for determining when a student would be exempt from the restrictions. For the student exemption to apply, the employee:

- 1) must be enrolled as a full-time student in an accredited course of study or on a seasonal recess therefrom;
- 2) cannot work half-time or more during the school year;
- 3) must engage in no more than one hundred twenty days (four months) of full-time State service in the summer, or during a similar semester break; and,
- 4) cannot receive any State employee benefits such as medical, retirement, or vacation benefits, or have any right to re-employment.

There was no provision for discretion or flexibility in applying these criteria, or to consider additional relevant circumstances. Therefore, to qualify for the exemption, each of these criteria needed to be fully satisfied, without regard for any other facts.

Over time, the Commission found that this strict and mechanical application of the criteria failed to honor the intent and spirit of the reasoning in Advisory Opinion No. 91-1. The Commission recognized that a more flexible and accommodating view of the circumstances might demonstrate that such individuals' status as State employees was clearly secondary to their educational goals. Indeed, many students enter State service to earn course credits or otherwise meet educational requirements, or to gain experience that will help them find a job in their field after they graduate. If their post-graduation employment requires

interaction with their former State agency, the two-year bar may prohibit them from accepting the job.

Accordingly, the Commission found it just to revisit the student exemption to the post-employment provisions. It modified the test to permit a reasonably flexible application of the four criteria, and to permit consideration of other facts as may be relevant and appropriate under the circumstances.

Development of Regulations and Guidelines

In 2016, several amendments to the Commission's enabling legislation, the Lobbying Act, and the Public Officers Law were enacted. Because of those amendments, many of the Commission's existing regulations required revision. In late 2016, the Commission commenced rulemaking proceedings under the State Administrative Procedure Act to bring its regulations in line with these recent legislative changes. Some of the rulemakings were completed in 2016, but two carried over and were adopted in 2017: Part 938 (source of funding regulations) and Part 942 (client disclosure exemptions).

After adopting Part 942, the Commission decided to expressly delegate to the Executive Director the authority to determine whether to grant an exemption under that Part and to create an appeal of any denial of an exemption to the Commission. The Commission also decided to extend this right of appeal to other available exemptions from financial disclosure. Accordingly, as detailed below, in 2017, to effectuate these decisions, the Commission commenced a rulemaking in Parts 935, 941, and 942. The Commission also proposed minor changes to Part 936.

Additionally, as discussed below, the Commission initiated proposed rulemakings to establish comprehensive lobbying regulations to improve the guidance available to the regulated community and to enhance the data available to the public about the activities of those entities who attempt to influence government decisions.

Title 19 NYCRR Parts 935, 936, 941, 942:

In 2017, the Commission expressly delegated to the Executive Director the authority to make determinations relating to exemptions from filing, and disclosing certain information in, annual statements of financial disclosure. The Commission also decided that such determinations should be appealable to the full Commission.

Accordingly, the Commission noticed a rulemaking in October 2017, to amend its existing regulations to address the exemption-related procedures: Part 935 (Procedure for Request an Exemption from Filing a Financial Disclosure Statement); Part 941 (Adjudicatory Proceedings and Appeals Procedures); and Part 942 (Procedure for Requesting an Exemption from Publicly Disclosing Client Information Pursuant to Questions 8(b-1), (8(b-) or 8(c) on a Financial Disclosure Statement). Part 936 (Procedure for Extension of Time for Filing a Financial Disclosure Statement Due to Justifiable Cause of Undue Hardship or Automatic Extension of Time to File) also was updated to reflect technical changes made to section 94 of the Executive Law in 2011 by the Public Integrity Reform Act. In February 2018, the Commission made additional changes to Part 936 which required a revised rulemaking. The Commission expects all four sets of regulations to be finalized later this spring.

Title 19 NYCRR Part 943 and 938: Lobbying and Source of Funding Regulations

As more fully discussed in the Lobbying Overview portion of this report, the Commission initiated rulemakings to promulgate comprehensive lobbying regulations; if adopted, these rules mark the first time that existing guidelines and decades of advisory opinions will be compiled in one place in New York. Designed to provide clarity and close loopholes that have evolved over time, the regulations will create reporting rules and procedures that capture more and better information about the targets and beneficiaries of lobbying activities.

Training and Outreach

Outreach and responsiveness to the education and training needs of the regulated community continued to be one of the JCOPE's highest priorities in 2017.

The Commission's Education Unit provides a comprehensive and dynamic educational program for public officers and employees, lobbyists, and clients of lobbyists to ensure they are fully informed about the State's ethics and lobbying laws, regulations, and guidelines. Among other things, the Education Unit develops instructor-led trainings on the State's ethics and lobbying laws, designs web-based programming on a variety of topics, and produces a library of written educational materials which are available on the Commission's website.

As part of JCOPE's outreach efforts in 2017, the Unit published several new educational materials, including a post-employment restrictions guide and a revised guidance document regarding the responsibilities of the ethics officer. The Unit created a "Plain Language Guide to the Ethics Laws" for new employees entering State service. JCOPE partnered with several State agencies to ensure the Guide was distributed to incoming State employees as part of a statewide outreach effort to prevent ethics laws violations through education.

In October 2017, JCOPE hosted an ethics conference in conjunction with New York Law School on the topic of post-employment restrictions and investigations for nearly 300 individuals from the regulated community. Additionally, JCOPE staff published a book entitled "Ethics & Lobbying in New York State – A Comprehensive Guide," which was distributed to program attendees. The guidebook is generally available on request and will be updated periodically. JCOPE plans to host a conference on an annual basis going forward, offering Continuing Legal Education ("CLE") programs addressing topics of interest for both the ethics and lobbying communities.

Ethics training is mandatory for State elected officials, officers, and employees who are required to file a FDS with JCOPE. FDS filers include policy makers and those State officers and employees earning above a certain salary threshold. In 2017, the Commission directly and in partnership with agency ethics officers and other designees around the state, provided trainings to more than 8,100 filers. Beginning in September 2017, the Education Unit launched a new compliance program, issuing monthly reminder emails to filers who require ethics training. As of September 2017, there were nearly 4,000 filers overdue for training. By December 15, 2017, this number was reduced by nearly 50-percent; the agency

has also seen a 24-percent increase in the number of agencies reporting 100-percent compliance with mandatory ethics training requirements.

Executive Law § 94 requires that JCOPE create and conduct three ethics trainings for FDS filers. The first, the “Comprehensive Ethics Training Course” (“CETC”) is a two-hour, CLE-accredited, live training for FDS filers which must be taken within two years of the date the FDS filer began qualifying employment. The Education Unit presents the CETC to FDS filers statewide at our Albany, New York City, and Buffalo offices. JCOPE provides “Train-the-Trainer” materials to agency ethics officers and trainers from New York State agencies, public authorities, commissions, councils and boards (collectively known in the law as “State Agencies”), who in turn train their employee filers.

In 2017, 3,520 filers completed the CETC in person either through their respective agencies or at one of the JCOPE offices. The Education Unit also conducts specialized trainings for individual agencies through live training and works closely with agency ethics officers to assist in maintaining and monitoring compliance with the CETC requirements. In 2017, JCOPE provided specialized training and CETC sessions to the Department of Corrections and Community Supervision, the Department of Public Service, the Council on the Arts, and SUNY Downstate Medical Center. Agencies continue to reach out to JCOPE for agency-specific ethics programming.

The second mandated ethics training for FDS filers, the “Online Ethics Orientation”, represents an expansion for the Commission into interactive web-based training sessions. Utilizing the Statewide Learning Management System, State officers and employees may access this online training at their workstations. The Online Ethics Orientation must be completed by State officers and employees newly subject to the FDS filing requirement within three months of qualifying employment, unless they have taken the live CETC first. Nearly 1,700 filers completed the Orientation in 2017.

The Ethics Seminar, the last of the three mandated trainings, provides an overview of changes in the relevant laws, regulations, and policies, and includes a question and answer session. Since its introduction, the Commission has presented one CETC and one live Seminar

session per month. In addition, JCOPE again provides “Train-the-Trainer” materials to agency ethics officers and trainers, who in turn provide that training to their employee filers.

After FDS filers have taken the CETC, they are required to take ethics training every three years. To satisfy that requirement, FDS filers may complete either the CETC or the Ethics Seminar. 2016 was the first year that the mandated refresher training was due for most State officers and employees. More than 4,588 filers took some form of refresher training in 2017.

Members and staff of the Legislature are also required to complete ethics training. A mandatory ethics training program was implemented by the Legislature pursuant to Executive Law § 94(10)(d) and Legislative Law § 80. This training program was provided by the Legislature, assisted by the Legislative Ethics Commission (“LEC”). Additionally, the LEC has developed and fully implemented an online ethics orientation course which all new legislative employees are required to complete within three months of being hired. As of the date of this report, nearly all legislators, 98 percent, have completed comprehensive ethics training within the last two years; three members of the Assembly have been granted an extension for their updated training until June due to health issues. The vast majority of legislative employees, nearly 90 percent overall, have completed ethics training, with additional comprehensive ethics training for employees continuing through the year.

Ethics training is also required for New York State registered lobbyists. The Commission provides an online training course called “Ethics for Lobbyists.” In accordance with the Lobbying Act, this interactive training provides an overview of State laws concerning ethics, including the Public Officers Law, the Lobbying Act, and the Election Law, and must be completed by registered lobbyists once every three years. As of the dates of this report, more than 5,100 lobbyists have completed the ethics training program.

In addition to efforts directly related to the development and presentation of training programs, the Education Unit continues to solicit information and ideas from the regulated community. As of the date of this report, JCOPE staff held three Ethics Forums in 2017 with agency ethics officers to discuss conflicts of interest, responsibilities of ethics officers, and politics in the workplace.

Website

Much of 2017 was spent creating a new version of the Commission's website, jcope.ny.gov, which is an important tool for the Commission to communicate with the regulated community and the public, provide guidance on the ethics and lobbying laws and regulations, and publicize information about public officials and parties who influence government decision making.

Commission staff worked to create a more user-friendly site with enhanced search and other functionality to give the regulated community, general public, and members of the media better access to information about the laws and regulations the Commission enforces, links to formal advisory opinions issued by the Commission, a library of materials for training and guidance, information concerning Commission enforcement actions, and more convenient methods to submit sworn complaints or tips about potential ethics or lobbying violations.

The website also makes publicly available tens of thousands of disclosure filings submitted by lobbyists and clients to give New Yorkers meaningful information about those trying to influence government decisions. It also provides the public with access to data filed by lobbyists and their clients from 2011 to the present in a downloadable spreadsheet format, as well as the financial disclosure statements of the four Statewide elected officials and all members of the Legislature.

The new website went live just before the release of this annual report.

LOBBYING OVERVIEW

Overview of Developments in 2017

As discussed in greater detail in the preceding section on Guidance and Outreach, in January 2017, the Commission issued Advisory Opinion 17-02, which affirmed the Commission's position that use of an attorney escrow account as a means of obscuring a lobbying entity's sources of funding violates the Lobbying Act.

Specifically, the opinion noted that funds held in escrow by an attorney remain the property of the client, and the attorney is merely a fiduciary and stakeholder. As a result, if a client filer is aware that contributed funds were held in escrow by an attorney for another, and nonetheless reports that the attorney is the source of the funds, the client filer's disclosures subvert the goal of the statute, i.e., to discover the real parties in interest in a lobbying campaign, and may subject the filer to civil or criminal penalties.

In August 2017, the Commission published Notices of Proposed Rulemaking to establish comprehensive lobbying regulations (within a new Part 943), and to amend the Commission's Source of Funding Regulations (at Part 938) to be consistent with the new lobbying regulations.

The August rulemaking emanated from almost a year of outreach, including a public hearing, undertaken by the Commission seeking comment and input from the lobbying community, good government groups, and the public on a draft proposal first introduced in the fall of 2016.

In a further effort to promote transparency and obtain valuable input, the Commission held a second public hearing regarding the proposed regulations on October 30, 2017 in Albany. After receiving 15 written comments and hearing testimony from the public, the Commission published a Notice of Revised Rulemaking for Part 943 (the comprehensive lobbying regulations) on February 14, 2018.

If adopted, these regulations will mark the first time that existing guidelines and decades of advisory opinions will be compiled into a single regulatory instrument in New York. The comprehensive lobbying regulations will provide a “one-stop shop” for information about the rules and requirements associated with lobbying in New York. Drafted to clarify existing law and practice, address new regulatory issues, and close loopholes that have evolved over time, the regulations will capture more and better information about the targets of lobbying activities.

The regulations introduce new concepts, including the specific identification of the “beneficial client” and “contractual client” in a lobbying arrangement. Designed to prevent entities from hiding their sources of funding through the use of intermediaries, the regulations provide that source of funding disclosure requirements attach to the beneficial client, not the contractual client. Likewise, the regulations make explicit that enforcement and ethics provisions in the Lobbying Act, such as the gift restrictions, apply to beneficial clients.

The regulations take into account the use of ever-changing technology in conducting lobbying campaigns. The regulations address and clarify requirements related to coalitions, lobby days, and industrial development agencies. They also streamline reporting requirements, providing more clarity about the requirements related to consultants, direct lobbying, grassroots lobbying, sources of funding, and the use of social media for lobbying purposes.

After reviewing and considering comments it receives in response to the Notice of Revised Rulemaking, the Commission hopes to adopt the new and comprehensive lobbying regulations as well as the amended source of funding regulations in the Spring of 2018. To coordinate with the rollout of its new lobbying application and provide sufficient notice to the regulated community for compliance purposes, the Commission plans to establish a delayed effective date for the regulations.

As required by § 1-d(b) of the Lobbying Act, the Commission conducts a Random Audit Program which provides an independent and objective evaluation of reports and registration statements filed by lobbyists and their clients. The random selection of audits is

done by an outside consulting firm, and a different outside accounting firm certifies that the Random Audit Program complies with the Lobbying Act. In 2017, the Random Audit Program conducted 550 audits. Those audits generated 985 findings and recommendations to improve filing or recordkeeping procedures, or to file amended reports to correct discrepancies uncovered in the audit process. As a result of those findings, 436 amendments were made to the filings selected for audit.

2017 Lobbying Data

In 2017, participation in lobbying declined slightly from the record levels in 2016, but still represents some of the highest figures ever reported to this Commission. There were 6,709 individual lobbyists reported on 5,539 lobbyist registrations filed with the Commission, representing 4,104 clients. In addition, 102 public corporations registered and filed as lobbyists or filed reports as clients of lobbyists. (Lobbying Act §§ 1-c(i), 1-e, and 1-i).

- In 2017, approximately 99 percent of lobbyists and 56 percent of clients used the online filing system to submit their registrations and reports.
- The online application automatically notifies filers of minor filing errors before submission and prompts the filer for corrections. This has significantly reduced manual processing by staff.

Staff continued to encourage lobbyists and clients to use the online filing system. Electronic filers are able to view the status of their filings online and make necessary changes immediately.

All filings received by the Commission are reviewed for completeness. In 2017, more than 56,000 filings and lobbying contracts were reviewed and processed, the highest number recorded by the Commission.

The Commission's oversight extends to lobbyists and clients attempting to influence any local law, ordinance, rule, regulation or rate pending before certain municipalities or its

subdivisions. (Lobbying Act § 1-c(k)). A total of 578 registrations were filed for lobbyists active on only local issues, and 2,352 registrations were filed for lobbyists active on both local and State issues. Both figures fell from the 2016 levels (consistent with the decreased nominal numbers of reported lobbyist registrations, and client reports). However, nearly 53 percent of the lobbyist registrations filed indicate at least some local lobbying. Therefore, while the actual numbers of registrations declined, the percentage of registrations involving local lobbying remained steady. The Commission's jurisdiction also extends to procurement lobbying on the State and local level. Approximately 21 percent of all lobbying registrations reported procurement lobbying activities.

For the second consecutive year, aggregate spending on lobbying remained relatively unchanged. Total spending in 2017 reached \$240.1 million, a 1.1 percent decrease from the record \$243 million spent in 2015 and 2016, but still ahead of the \$226 million spent in 2014, by a large margin. That said, spending on compensation paid to retained and employee lobbyists continued to creep upward to \$221.2 million, an increase of \$2.7 million – or 1.23 percent – over the record set in 2016. Reported expenses for advertising decreased dramatically, down 35 percent to \$6.4 million, and event-related expenses dropped 26 percent to \$471,299.¹²

The list of top ten highest lobbying spenders was not dominated by any single industry, but rather a combination of representatives from typically active industries, i.e., health, real estate and construction, education, and organized labor. The top spending entity was the Greater New York Hospital Association, Inc. (\$2.8 million), followed by Uber Technologies (in its third³ consecutive appearance among the top lobbying spenders), AARP, and the New York State United Teachers. Also included in the top ten in 2017 were the New York State

¹ All statistics discussed in this report are based on lobbying filings processed by the Commission as of March 19, 2018.

² Traditionally, aggregate amounts reported being received by lobbyists exceed the aggregate amounts reported being spent by lobbying clients. This disparity can be attributed to a series of factors, including: lobbyists possibly incurring overhead-type expenses that are *not* billed to clients, and thus not reported on client filings; as a result of differing accounting methodologies, lobbyists may report amounts that were accrued or billed to clients, while clients may have reported only amounts that have been paid; or clients may have failed to submit required filings. To the extent it is due to missing reports from client filers, the Commission is engaged in active outreach and compliance efforts to ensure that those reports are submitted.

³ Subsequent to the 2015 annual report, JCOPE compliance program staff identified discrepancies in filings submitted by Uber Technologies, Inc. Pursuant to the terms of a Substantial Basis Investigation Report and Settlement Agreement, Uber filed amendments to its 2015 Lobbying Act filings to increase its total reported lobbying spending to \$7,076,314, which would have placed it among 2015's top spending lobbying entities.

Trial Lawyers Association, Pharmaceutical Research and Manufacturers of America, United Federation of Teachers, Healthcare Association of New York State, and Verizon. Last year's top spending entity, the Rent Stabilization Association of New York City, reported a 72 percent decrease in lobbying expenditures for 2017, down to \$1,022,530, from \$3.6 million reported in 2016. Families for Excellent Schools, Inc., which was listed fifth in spending for 2016, dropped 1,442 spots in 2017 and announced that it would disband as part of a settlement with a Massachusetts regulator.

Some of the largest retainers paid to lobbyists in 2017 related to nuclear energy, zoning, and development.⁴ However, the largest single retainer, \$593,853, from the Nuclear Energy Institute, Inc., a nuclear industry trade group, to APCO Worldwide LLC (F/K/A APCO Worldwide Inc.) primarily reimbursed the lobbyist for a media buy. The ads were placed in an effort to support zero emission credits for nuclear plants.

The second and ninth most lucrative relationships were for services related to lobbying on zoning laws and land use questions. Lobbying client Design Center Inc. paid the second largest single retainer, \$582,687, to Kramer Levin Naftalis & Frankel, LLP for lobbying related to real estate and zoning in Queens County. Additionally, American Lion LLC, a joint venture between Fetner Properties and Lions Group NYC, paid \$303,889 to Greenberg Traurig, LLP for lobbying related to land use and air rights.

As discussed above, the filings submitted pursuant to the disclosure requirements under the Lobbying Act are available on the Commission's website. The Commission will continue to ensure compliance through training and outreach, as well as audits and enforcement actions.

By law, the complete 2017 listing of lobbyists and public corporations including compensation and reimbursed expenses is attached hereto as Appendix B. Separately, in conjunction with this annual report, the Commission will publish in spreadsheet format on its website the complete data filed by lobbyists and their clients for 2017. These

FINANCIAL DISCLOSURE

To maintain the public's trust and confidence in government through disclosure and to aid in preventing corruption, favoritism, undue influence, and abuses of official position, certain public officers and employees are required to file an annual Financial Disclosure Statement ("FDS") with the Commission, pursuant to Public Officers Law § 73-a and Executive Law § 94.

Annual Financial Disclosure Statements

Public Officers Law § 73-a requires State officers or employees who receive annual compensation in excess of the filing rate of a CSEA SG-24 (which was \$95,534 in 2017), or who hold a policy-making position as determined by their appointing authority, to file an FDS. This requirement applies to: heads of State agencies and their deputies and assistants; officers and employees of statewide elected officials; officers and employees of State departments, boards, bureaus, divisions, certain commissions, councils, and the State University of New York and City University of New York; members or directors of public authorities, other than multi-state authorities, public benefit corporations, and commissions at least one of whose members is appointed by the Governor, and employees of such authorities, corporations, and commissions. The four statewide elected officials (Governor, Lieutenant Governor, Attorney General and Comptroller), the state chairs of recognized political parties, and certain county chairs of these parties are also required to file an FDS.

The Commission also has authority to enforce this requirement with respect to legislative members, candidates for those offices, and legislative staff. Since 2012, current legislative members and legislative employees have been required to file their FDS with the Legislative Ethics Commission ("LEC") on May 15 of each year, which are then submitted by the LEC to the Commission by June 30. The Commission continues to track and review these statements.

As prescribed in Executive Law § 94, the Commission posts the financial disclosure statements submitted by the four statewide elected officials and all members of the legislature to its website. Other filed FDS are available for public review upon request. Further, pursuant to Public Officers Law § 73-a(2)(d), the Commission must identify and post on its website a list of candidates for State office who have not timely filed. Public Officers Law § 73-a(2)(a)(iii)-(vii) requires that each candidate for statewide elected office or the Legislature, within 10 days of becoming a candidate, file an FDS with the LEC. The LEC forwards each such candidate's FDS and a list of required filers to the Commission.

In certain circumstances, the Commission may grant an exemption from filing to individuals who earn above the filing rate. An exemption request may be submitted either by an individual or by a state agency or employee organization on behalf of a group of individuals who share the same job title or employment classification. The Commission, in its discretion, may grant an exemption if the public interest does not require disclosure, and the individual's job duties do not involve negotiating, authorizing, or approving:

- contracts, leases, franchises, or similar matters;
- the purchase, sale or rental of real property, goods, or services;
- the obtaining of grants of money or loans; or,
- the adoption or repeal of rules or regulations having the force and effect of law.

In 2017, the Commission processed more than 30,000 individual FDS submitted by certain State officers and employees, approximately 92-percent of which were filed electronically. Separately, the Commission processed more than 4,700 paper FDS forms filed by members and employees of, and candidates for, the Legislature. In total, the Commission processed approximately 35,000 FDS filed by Statewide elected officials, Executive Branch officers and employees, and Legislative Branch officers, employees, and candidates.

Between June and October 2017, the Commission sent more than 3,800 confidential failure to file notices to filers who did not file by the May 15, 2017 deadline or within 30 days of hiring. By the end of 2017, Commission staff achieved nearly 100-percent compliance with respect to these filers, with less than five delinquent filers remaining at the end of the year.

Random Review Program for FDS

Pursuant to Executive Law § 94, the Commission conducts a program of comprehensive reviews of FDS. The primary objective of the random review program is to ascertain compliance with Public Officers Law § 73-a. Particular focus is devoted to confirming whether all responses are complete, directly relate to the corresponding questions, and are consistent with internal records maintained by the Commission, including previously filed FDS and requests for advisory opinions, and related public information. The Targeted Review Program dedicates additional attention to the filings of a pre-defined list of required filers, deemed to possess an elevated risk for conflicts of interest based on his or her position of authority. In these reviews, specific emphasis is devoted to questions that are related and/or associated with outside employment and income (filing individual and spouse), outside positions of authority (filing individual and spouse), gifts, real estate, and investments. These programs ensure that the public has access to complete and accurate information about the financial interests and potential conflicts of State officials and employees.

INVESTIGATION AND ENFORCEMENT

Overview

The Commission is charged with investigating potential violations of the State’s ethics laws (Public Officers Law §§ 73, 73-a, and 74), the “Little Hatch Act” (Civil Service Law § 107), and the Lobbying Act (Legislative Law Article 1-A). The Commission has jurisdiction to investigate violations of law by officers and employees at State agencies and departments including commissions, boards, public benefit corporations, public authorities, SUNY, CUNY, and the statutory closely-affiliated corporations; the four statewide elected officials and members of the Legislature (and candidates for those offices); employees of the Legislature; certain political party chairpersons; and registered lobbyists and their clients.

Investigations may be conducted on the Commission’s own initiative, based on referrals from other governmental entities, or in response to information provided by the public. The Commission’s procedures for submitting tips and filing complaints alleging violations of the Public Officers Law or the Lobbying Act are available on the Commission’s website at jcope.ny.gov and reportmisconduct.ny.gov or by calling the hotline, 1-800-87-ETHICS.

That said, not all investigative matters warrant enforcement action. In some cases, based on the facts, the Commission concluded that the public interest would be better served by providing education and guidance to prevent future violations. The Commission continues to exercise its discretion to resolve some investigative matters with “guidance letters” setting forth the appropriate legal and regulatory considerations to guide future conduct.

The Commission maintains relationships with law enforcement partners and with agencies, agency counsel, ethics officers, and other agency personnel, coordinating efforts when appropriate. The Commission also collaborates with State agencies to efficiently resolve disciplinary matters that involve violations under the Commission’s jurisdiction.

Pursuant to Executive Law § 94, before commencing an investigation, the Commission must provide the person or entity who is the subject of allegations with notice of any alleged violation of law and a fifteen-day period in which to respond. This notice is commonly referred to as a “fifteen-day letter.” The fifteen-day letter must describe the possible or alleged violations of law and must include a “description of the . . . evidence, if any, supporting such allegations, provided however that [the Commission] shall redact any information that might, in the judgment of the [C]ommission, be prejudicial to either the complainant or the investigation. . . .” Following the issuance of a fifteen-day letter, the Commission must vote on whether to commence a full investigation to determine if a substantial basis exists to conclude that a relevant law has been violated.

After conducting an investigation, the Commission will issue a “Notice of Substantial Investigation and Hearing.” This will include, among other things, notice of a hearing to be conducted before an independent and randomly selected hearing officer, notice of the right to be heard on the allegations against respondent, and the factual basis for the alleged violations of law. In addition, at least seven days before the hearing, the Commission will provide to the respondent any additional evidence supporting the allegations, which was not set forth in the fifteen-day letter, in sufficient detail to enable the respondent to respond.

The hearing officer will make proposed findings of fact and recommendations as to a penalty, if any, in a report to the Commission. The parties will have the right to respond to the hearing officer’s report within 30 days of its issuance, and Commission staff will also submit a proposed “Substantial Basis Investigation Report” (“SBIR”) to the Commission. The Commission must vote on the proposed SBIR within 60 days of its receipt. The Commission may adopt, reverse, remand, and/or dismiss, in whole or in part, any of the findings or recommendations of the hearing officer. The SBIR is the final administrative decision of the Commission and it must be made public.

The Commission has authority to impose penalties for violations by Executive Branch officers and employees, lobbyists, and clients. The Commission has jurisdiction over legislators and legislative employees for purposes of conducting an investigation and a hearing. In the event that the Commission finds a substantial basis to conclude that a member

of or candidate for the Legislature, or legislative employee violated the law, it presents its SBIR to the Legislative Ethics Commission (“LEC”), which may then assess penalties pursuant to its own adjudicatory regulations, which are available on its website at www.legethics.com.

Information concerning the Commission’s enforcement actions, including settlement agreements and SBIRs, is published on the Commission’s website.

2017 Review and Disposition of Investigative Matters

The Commission processed nearly 170 matters in 2017. In general, allegations covered a broad range of potential violations of the Pubic Officers Law, including conflicts of interest, improper gifts, nepotism, failure to file financial disclosure statements, and post-employment issues. In addition, some matters involved alleged violations of the Lobbying Act, including improper gifts, failure to register as a lobbyist, and failure to submit required filings.

In 2017, the Commission issued 22 fifteen-day letters, commenced 14 investigations, and settled eight matters. The Commission referred one matter for criminal investigation to the New York State Attorney General. Of the 22 fifteen-day letters, one was sent to a former member/employee of the Legislature, 17 went to current and former Executive Branch officials/employees, and four were sent to registered lobbyists or clients of registered lobbyists. Of the 14 investigations that were commenced, 11 involved current and former Executive Branch officials/employees, two involved registered lobbyists or clients of registered lobbyists, and one involved a former member/employee of the Legislature. The Commission commenced the investigations by a unanimous vote in all but two matters. At the end of 2017, the Commission had 25 open investigations (12 relating to current and former Executive Branch officials/employees, 10 relating to lobbying entities, and 3 relating to former members/employees of the Legislature) and 67 matters pending review.

The Commission’s investigations and enforcement actions in 2017 resulted in penalties totaling approximately \$123,000. As mentioned above, the Commission entered into

settlement agreements to resolve eight matters, five involving violations of the Public Officers Law by Executive Branch employees and three involving alleged violations of the Lobbying Act by registered lobbyists or their clients. These enforcement actions encompassed a range of violations, including abuse of office, accepting prohibited gifts, improper use of state resources, and failing to file required disclosures with the Commission.

Following a public hearing on an enforcement action under the Public Officers Law at the end of 2016, the Commission issued a Substantial Basis Investigation Report in *In the Matter of Tracy R. Kinn*, JCOPE No. 14-089, finding that Kinn had violated Public Officers Law Section 74(3)(h). Kinn, a counselor with the New York State Department of Veterans Affairs (“DVA”), violated the Public Officers Law by conducting herself in a manner that raised public suspicion that her personal relationship with someone she was providing direct services to was in violation of her public trust. Specifically, the Commission found that Kinn’s actions violated the Public Officers Law because of her personal relationship with World War II veteran Charles Matie, with whom she was working to receive veteran’s benefits. The decision reversed in part the report and recommendation of a hearing officer, who found that the financial benefits that Kinn received from Matie were independent of her work with the DVA, and therefore did not violate the Public Officers Law. In addition, with regard to the DVA, the Commission found that, other than having an initial discussion with Kinn, the DVA failed to ensure that Kinn was no longer taking official action on behalf of Matie, nor was there any evidence in the record to indicate that additional training or guidance was provided to Kinn and other employees on their obligations under the State’s Code of Ethics.

In reaching its decision, the Commission held a hearing during which the evidence established:

- Kinn was acquainted with Matie before beginning to work with him in 2002 in her role as a counselor in the DVA’s Buffalo regional office; and,
- following the work Kinn did on Matie’s VA claims, Matie gave her items worth more than \$500,000, including a joint checking account funded by Matie and an annuity.

The Commission found that based on the extent of her personal relationship with Matie, Kinn should have taken steps to distance herself from directly providing services to Matie. It also found that the DVA should have taken steps to create clear guidelines for counselors to establish boundaries for the client-counselor relationship that recognize the need for compassionate services but also guard against the potential for conflicts of interest. This was the Commission's last public hearing for enforcement matters as the law now provides that hearings will be confidential.

A chart summarizing the Commission's enforcement activity in 2017 follows below.

APPENDIX A: EXECUTIVE LAW § 94

Joint commission on public ethics; functions, powers and duties; review of financial disclosure statements; advisory opinions; investigation and enforcement.

1. There is established within the department of state a joint commission on public ethics which shall consist of fourteen members and shall have and exercise the powers and duties set forth in this section with respect to statewide elected officials, members of the legislature and employees of the legislature, and state officers and employees, as defined in sections seventy-three and seventy-three-a of the public officers law, candidates for statewide elected office and for the senate or assembly, and the political party chairman as that term is defined in section seventy-three-a of the public officers law, lobbyists and the clients of lobbyists as such terms are defined in article one-A of the legislative law, and individuals who have formerly held such positions, were lobbyists or clients of lobbyists, as such terms are defined in article one-A of the legislative law, or who have formerly been such candidates. This section shall not be deemed to have revoked or rescinded any regulations or advisory opinions issued by the legislative ethics commission, the commission on public integrity, the state ethics commission and the temporary lobbying commission in effect upon the effective date of chapter fourteen of the laws of two thousand seven which amended this section to the extent that such regulations or opinions are not inconsistent with any law of the state of New York, but such regulations and opinions shall apply only to matters over which such commissions had jurisdiction at the time such regulations and opinions were promulgated or issued. The commission shall undertake a comprehensive review of all such regulations and opinions, which will address the consistency of such regulations and opinions among each other and with the new statutory language, and of the effectiveness of the existing laws, regulations, guidance and ethics enforcement structure to address the ethics of covered public officials and related parties. Such review shall be conducted with the legislative ethics commission and, to the extent possible, the report's findings shall reflect the full input and deliberations of both commissions after joint consultation. The

commission shall, before February first, two thousand fifteen, report to the governor and legislature regarding such review and shall propose any regulatory or statutory changes and issue any advisory opinions necessitated by such review.

2. The members of the commission shall be appointed as follows: three members shall be appointed by the temporary president of the senate, three members shall be appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, one member shall be appointed by the minority leader of the assembly, and six members shall be appointed by the governor and the lieutenant governor. In the event that a vacancy arises with respect to a member of the commission first appointed pursuant to the chapter of the laws of two thousand eleven which amended this subdivision by a legislative leader, the legislative leaders of the same political party in the same house shall appoint a member to fill such vacancy irrespective of whether that legislative leader's political party is in the majority or minority. Of the members appointed by the governor and the lieutenant governor, at least three members shall be and shall have been for at least three years enrolled members of the major political party in which the governor is not enrolled. In the event of a vacancy in a position previously appointed by the governor and lieutenant governor, the governor and lieutenant governor shall appoint a member of the same political party as the member that vacated that position. Prior to making their respective appointments, the governor and the lieutenant governor and the legislative leaders shall solicit and receive recommendations for appointees from the attorney general and the comptroller of the state of New York, which recommendations shall be fully and properly considered but shall not be binding.

No individual shall be eligible for appointment as a member of the commission who currently or within the last three years:

No individual shall be eligible for appointment as a member of the commission who currently or within the last year is or has been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law.

3. Members of the commission shall serve for terms of five years; provided, however, that of the members first appointed by the governor and lieutenant governor, one shall serve for one year, one shall serve for two years, one shall serve for three years, and one shall serve for four years, as designated by the governor; the members first appointed by the temporary president of the senate and by the speaker of the assembly shall serve for four years and the members first appointed by the minority leaders of the senate and the assembly shall serve for two years.

5. Any vacancy occurring on the commission shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.
6. Eight members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy except where the commission acts pursuant to subdivision thirteen, subdivision fourteen-a or subdivision fourteen-b of this section.
7. Members of the commission may be removed by the appointing authority solely for substantial neglect of duty, gross misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, inability to discharge the powers or duties of office or violation of this section, after written notice and opportunity for a reply.

8. The members of the joint commission shall receive a per diem allowance in the sum of three hundred dollars for each day actually spent in the performance of his or her duties under this article, and, in addition thereto, shall be reimbursed for all reasonable expenses actually and necessarily incurred by him or her in the performance of his or her duties under this article.

The commission may delegate authority to the executive director to act in the name of the commission between meetings of the commission provided such delegation is in writing, the specific powers to be delegated are enumerated, and the commission shall not delegate any decisions specified in this section that require a vote of the commission. The executive director shall be appointed without regard to political affiliation and solely on the basis of fitness to perform the duties assigned by this article, and shall be a qualified, independent professional. - (c) Adopt, amend, and rescind rules and regulations to govern procedures of the commission, which shall include, but not be limited to, the procedure whereby a person who is required to file an annual financial disclosure statement with the commission may request an additional period of time within which to file such statement, other than members of the legislature, candidates for members of the legislature and legislative employees, due to justifiable cause or undue hardship; such rules or regulations shall provide for a date beyond which in all cases of justifiable cause or undue hardship no further extension of time will be granted;

- (h) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request that the commission delete from the copy thereof made available for public inspection and copying one or more items of information which may be deleted by the commission upon a finding by the commission that the information which would otherwise be required to be made available for public inspection and copying will have no material bearing on the discharge of the reporting person's official duties. If such request for deletion is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;
- (i) Permit any person who is required to file a financial disclosure statement with the joint commission on public ethics to request an exemption from any requirement to report one or more items of information which pertain to such person's spouse or unemancipated children which item or items may be exempted by the commission upon a finding by the commission that the reporting individual's spouse, on his or her own behalf or on behalf of an unemancipated child, objects to providing the information necessary to make such disclosure and that the information which would otherwise be required to be reported will have no material bearing on the discharge of the reporting person's official duties. If such request for exemption is denied, the commission, in its notification of denial, shall inform the person of his or her right to appeal the commission's determination pursuant to its rules governing adjudicatory proceedings and appeals adopted pursuant to subdivision fourteen of this section;
- (i-1) Permit any person required to file a financial disclosure statement to request an exemption from any requirement to report the identity of a client pursuant to question 8(b) in such statement based upon an exemption set forth in that question. - (j) Advise and assist any state agency in establishing rules and regulations relating to possible conflicts between private interests and official duties of present or former statewide elected officials and state officers and employees;
- (k) Permit any person who has not been determined by his or her appointing authority to hold a policy-making position but who is otherwise required to file a financial disclosure statement to request an exemption from such requirement in accordance with rules and regulations governing such exemptions. Such rules and regulations shall provide for exemptions to be granted either on the application of an individual or on behalf of persons who share the same job title or employment classification which the commission deems to be comparable for purposes of this section. Such rules and regulations may permit the granting of an exemption where, in the discretion of the commission, the public interest does not require disclosure and the applicant's duties do not involve the negotiation, authorization or approval of:
 - (i) contracts, leases, franchises, revocable consents, concessions, variances, special permits, or licenses as defined in section seventy-three of the public officers law;
 - (ii) the purchase, sale, rental or lease of real property, goods or services, or a contract therefor;

or the rules, regulations and procedures governing the commission's conduct. Such report shall include: (i) a listing by assigned number of each complaint and referral received which alleged a possible violation within its jurisdiction, including the current status of each complaint, and (ii) where a matter has been resolved, the date and nature of the disposition and any sanction imposed, subject to the confidentiality requirements of this section, provided, however, that such annual report shall not contain any information for which disclosure is not permitted pursuant to subdivision nineteen of this section;

- (m) Determine a question common to a class or defined category of persons or items of information required to be disclosed, where determination of the question will prevent undue repetition of requests for exemption or deletion or prevent undue complication in complying with the requirements of such section; and
- (n) Promulgate guidelines for the commission to conduct a program of random reviews, to be carried out in the following manner: (i) annual statements of financial disclosure shall be selected for review in a manner pursuant to which the identity of any particular person whose statement is selected is unknown to the commission and its staff prior to its selection; (ii) such review shall include a preliminary examination of the selected statement for internal consistency, a comparison with other records maintained by the commission, including previously filed statements and requests for advisory opinions, and examination of relevant public information; (iii) upon completion of the preliminary examination, the commission shall determine whether further inquiry is warranted, whereupon it shall notify the reporting individual in writing that the statement is under review, advise the reporting individual of the specific areas of inquiry, and provide the reporting individual with the opportunity to provide any relevant information related to the specific areas of inquiry, and the opportunity to file amendments to the selected statement on forms provided by the commission; and (iv) if thereafter sufficient cause exists, the commission shall take additional actions, as appropriate and consistent with law.

9-a. (a) When an individual becomes a commissioner or staff of the commission, that individual shall be required to sign a non-disclosure statement.

(b) Except as otherwise required or provided by law, testimony received or any other information obtained by a commissioner or staff of the commission shall not be disclosed by any such individual to any person or entity outside the commission during the pendency of any matter. Any confidential communication to any person or entity outside the commission related to the matters before the commission may occur only as authorized by the commission.

(c) The commission shall establish procedures necessary to prevent the unauthorized disclosure of any information received by any member of the commission or staff of the commission. Any breaches of confidentiality shall be investigated by the inspector general and appropriate action shall be taken. Any commissioner or person employed by the commission who intentionally and without authorization releases confidential information received by the commission shall be guilty of a class A misdemeanor.

9-b. During the period of his or her service as a commissioner of the commission, each commissioner shall refrain from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor, member of the assembly or the senate, attorney general or state comptroller.

10. The commission shall prepare materials and design and administer an ethics training program for individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law with respect to the provisions of sections seventy-three, seventy-three-a, and seventy-four of the public officers law and any other law, administrative regulation, or internal policy that is of relevance to the ethical conduct of such individuals in public service, as follows:

(a) The commission shall develop and administer a comprehensive ethics training course and shall designate and train instructors to conduct such training. Such course shall

be designed as a two-hour program and shall include practical application of the material covered and a question-and-answer participatory segment. Unless the commission grants an extension or waiver for good cause shown, all individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law shall complete such course within two years of the effective date of the chapter of the laws of two thousand eleven which amended this section, or for those individuals elected or appointed after the effective date of the chapter of the laws of two thousand eleven which amended this section, within two years of becoming subject to the financial disclosure requirements of section seventy-three-a of the public officers law.

- (b) The commission shall develop and administer an online ethics orientation course and shall notify all individuals newly subject to the financial disclosure requirements of section seventy-three-a of the public officers law of such course, which shall be completed by such individuals within three months of becoming subject to such requirements, unless the commission grants an extension or waiver for good cause shown. Individuals who have completed the comprehensive ethics training course shall not be required to complete the online ethics orientation course.
- (c) The commission shall develop and administer an ethics seminar or ethics seminars for individuals who have previously completed the comprehensive ethics training course. Such seminars shall be designed as ninety-minute programs and shall include any changes in law, regulation, or policy or in the interpretation thereof, practical application of the material covered, and a question-and-answer segment. Unless the commission grants an extension or waiver for good cause shown, such individuals shall be scheduled to attend a seminar at least once every three years after having completed the comprehensive ethics training course. In lieu of attending an ethics seminar, such individuals may complete a subsequent comprehensive ethics training program.

(d) The provisions of this subdivision shall be applicable to the legislature except to the extent that an ethics training program is otherwise established by the assembly or senate for their respective members and employees and such program meets or exceeds each of the requirements set forth in this section.

(e) On an annual basis, the joint commission in coordination with the legislative ethics commission shall determine the status of compliance with these training requirements by each state agency and by the senate and the assembly. Such determination shall include aggregate statistics regarding participation in such training, and shall be reported to the governor and the legislature in writing.

11. The commission, or the executive director and staff of the commission if responsibility therefor has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

12. If a person required to file a financial disclosure statement with the commission has failed to file a disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, provide the person with a fifteen day period to cure the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a statewide elected official, member of the legislature, or a legislative employee, to the temporary president of the senate and the speaker of the assembly; and (c) in the case of a state officer or employee, to the appointing authority for such person. Such notice of delinquency may be sent at any time during the reporting person's service as a statewide elected official, state officer or employee, member of the assembly or the senate, or a legislative employee or a political party chair or while a

candidate for statewide office, or within one year after termination of such service or candidacy. The jurisdiction of the commission, when acting pursuant to subdivision fourteen of this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service, or ceases to hold public or political party office, or ceases to be a candidate, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.

13. (a) Investigations. If the commission receives a sworn complaint alleging a violation of section seventy-three, seventy-three-a, or seventy-four of the public officers law, section one hundred seven of the civil service law or article one-A of the legislative law by a person or entity subject to the jurisdiction of the commission including members of the legislature and legislative employees and candidates for member of the legislature, or if a reporting individual has filed a statement which reveals a possible violation of these provisions, or if the commission determines on its own initiative to investigate a possible violation, the commission shall notify the individual in writing, describe the possible or alleged violation of such laws, provide a description of the allegations against him or her and the evidence, if any, supporting such allegations, provided however that the joint commission shall redact any information that might, in the judgment of the commission, be prejudicial to either the complainant or the investigation; the letter also shall set forth the sections of law alleged to have been violated and provide the person with a fifteen day period in which to submit a written response, including any evidence, statements, and proposed witnesses, setting forth information relating to the activities cited as a possible or alleged violation of law. The commission shall, within sixty calendar days after a complaint or a referral is received or an investigation is initiated on the commission's own initiative, vote on whether to commence a full investigation of the matter under consideration to determine whether a substantial basis exists to conclude that a violation of law has occurred. The staff of the joint commission shall provide to the members prior to such vote information regarding the likely scope and content of the investigation, and a subpoena plan, to the extent such information is available. Such investigation shall be conducted if at least eight members of the commission vote to

authorize it. Where the subject of such investigation is a member of the legislature or a legislative employee or a candidate for member of the legislature, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by a legislative leader or leaders from the major political party in which the subject of the proposed investigation is enrolled if such person is enrolled in a major political party. Where the subject of such investigation is a state officer or state employee, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor. Where the subject of such investigation is a statewide elected official or a direct appointee of such an official, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor and be enrolled in the major political party in which the subject of the proposed investigation is enrolled, if such person is enrolled in a major political party.

(b) Substantial basis investigation. Upon the affirmative vote of not less than eight commission members to commence a substantial basis investigation, written notice of the commission's decision shall be provided to the individual who is the subject of such substantial basis investigation. Such written notice shall include a copy of the commission's rules and procedures and shall also include notification of such individual's right to be heard within thirty calendar days of the date of the commission's written notice. If the commission votes to commence a substantial basis investigation, the commission shall provide to the individual a notice setting forth the alleged violations of law and the factual basis for those allegations. The commission shall provide to the individual any additional evidence supporting the allegations not set forth in the letter sent pursuant to paragraph (a) of this subdivision in sufficient detail to enable the individual to respond, at least seven days before the hearing. Such hearing shall afford the individual with a reasonable opportunity to appear in person, and by attorney, give sworn testimony and present evidence. Such hearing shall occur before the commission votes on whether or not to issue a substantial basis report. The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due

process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation, that any potential violation has been rectified, or if the investigation is closed for any other reason, it shall so advise the individual and the complainant, if any in writing within fifteen days of such decision. All of the foregoing proceedings shall be confidential.

(c) The jurisdiction of the commission when acting pursuant to this section shall continue notwithstanding that a statewide elected official or a state officer or employee or member of the legislature or legislative employee separates from state service, or a political party chair ceases to hold such office, or a candidate ceases to be a candidate, or a lobbyist or client of a lobbyist ceases to act as such, provided that the commission notifies such individual or entity of the alleged violation of law pursuant to paragraph (a) of this subdivision within one year from his or her separation from state service or his or her termination of party service or candidacy, or from his, her or its last report filed pursuant to article one-A of the legislative law. Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

14. An individual subject to the jurisdiction of the commission who knowingly and intentionally violates the provisions of subdivisions two through five-a, seven, eight, twelve or fourteen through seventeen of section seventy-three of the public officers law, section one hundred seven of the civil service law, or a reporting individual who knowingly and willfully fails to file an annual statement of financial disclosure or who knowingly and willfully with intent to deceive makes a false statement or fraudulent omission or gives information which such individual knows to be false on such statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value

of any gift, compensation or benefit received as a result of such violation. An individual subject to the jurisdiction of the commission who knowingly and willfully violates article one-A of the legislative law shall be subject to civil penalty as provided for in that article. Except with respect to members of the legislature and legislative employees, assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor for further investigation. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seriousness of the violation, the amount of gain to the individual and whether the individual previously had any civil or criminal penalties imposed pursuant to this section, and any other factors the commission deems appropriate. Except with respect to members of the legislature and legislative employees, for a violation of this subdivision, other than for conduct which constitutes a violation of section one hundred seven of the civil service law, subdivisions twelve or fourteen through seventeen of section seventy-three or section seventy-four of the public officers law or article one-A of the legislative law, the commission may, in lieu of or in addition to a civil penalty, refer a violation to the appropriate prosecutor and upon such conviction, such violation shall be punishable as a class A misdemeanor. A civil penalty for false filing may not be imposed hereunder in the event a category of "value" or "amount" reported hereunder is incorrect unless such reported information is falsely understated. Notwithstanding any other provision of law to the contrary, no other penalty, civil or criminal may be imposed for a failure to file, or for a false filing, of such statement, or a violation of subdivision six of section seventy-three of the public officers law, except that the appointing authority may impose disciplinary action as otherwise provided by law. The commission may refer violations of this subdivision to the appointing authority for disciplinary action as otherwise provided by law. The commission shall be deemed to be an agency within the meaning of article three of the state administrative procedure act and shall adopt rules governing the conduct of adjudicatory proceedings and appeals taken pursuant to a proceeding commenced under

article seventy-eight of the civil practice law and rules relating to the assessment of the civil penalties herein authorized and commission denials of requests for certain deletions or exemptions to be made from a financial disclosure statement as authorized in paragraph (h) or paragraph (i) of subdivision nine of this section. Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

- 14-a. The joint commission on public ethics shall have jurisdiction to investigate, but shall have no jurisdiction to impose penalties upon members of or candidates for member of the legislature or legislative employees for any violation of the public officers law. If, after its substantial basis investigation, by a vote of at least eight members, two of whom are enrolled members of the investigated individual's political party if the individual is enrolled in a major political party and were appointed by a legislative leader of such political party, the joint commission on public ethics has found a substantial basis to conclude that a member of the legislature or a legislative employee or candidate for member of the legislature has violated any provisions of such laws, it shall present a written report to the legislative ethics commission, and deliver a copy of the report to the individual who is the subject of the report. Such written report shall include:
- (a) the commission's findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and

(b) a determination that a substantial basis exists to conclude that a violation has occurred, and the reasons and basis for such determination.

The joint commission shall also separately provide to the legislative ethics commission copies of additional documents or other evidence considered including evidence that may contradict the joint commission's findings, the names of and other information regarding any additional witnesses, and any other materials. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the joint commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor.

14-b. With respect to the investigation of any individual who is not a member of the legislature or a legislative employee or candidate for member of the legislature, if after its investigation the joint commission has found a substantial basis to conclude that the individual has violated the public officers law or the legislative law, the joint commission shall send a substantial basis investigation report containing its findings of fact and conclusions of law to the individual. With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual's major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to issue a substantial basis investigation report must have been appointed by the governor and lieutenant governor. The commission shall release such report publicly within forty-five days of its issuance.

14-c. With respect to an investigation of a lobbyist, if after its investigation the joint commission has found a substantial basis to conclude that the lobbyist has violated the legislative law, the joint commission shall issue a substantial basis investigation report

containing its findings of fact and conclusions of law to the lobbyist and shall make public such report within forty-five days of its issuance.

15. A copy of any notice of delinquency or substantial basis investigation report shall be included in the reporting person's file and be available for public inspection and copying pursuant to the provisions of this section.
16. Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a or seventy-four of the public officers law, other than members of the legislature, candidates for member of the legislature and employees of the legislature, the commission shall render written advisory opinions on the requirements of said provisions. An opinion rendered by the commission, until and unless amended or revoked, shall be binding on the commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense, in any criminal or civil action. Such requests shall be confidential but the commission may publish such opinions provided that the name of the requesting person and other identifying details shall not be included in the publication.
17. In addition to any other powers and duties specified by law, the commission shall have the power and duty to:
 - (a) Promulgate rules concerning restrictions on outside activities and limitations on the receipt of gifts and honoraria by persons subject to its jurisdiction, provided, however, a violation of such rules in and of itself shall not be punishable pursuant to subdivision fourteen of this section unless the conduct constituting the violation would otherwise constitute a violation of this section; and
 - (b) Administer and enforce all the provisions of this section; and
 - (c) Conduct any investigation necessary to carry out the provisions of this section.Pursuant to this power and duty, the commission may administer oaths or

affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

18. Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the commission, and which shall contain the documents identified in subdivision nineteen of this section, other than financial disclosure statements filed by state officers or employees or legislative employees, and any other records or information which the commission determines to be appropriate.
19. (a) Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:
- (1) the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except information deleted pursuant to paragraph (h) of subdivision nine of this section;
 - (2) notices of delinquency sent under subdivision twelve of this section;
 - (3) notices of civil assessments imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed;
 - (4) the terms of any settlement or compromise of a complaint or referral which includes a fine, penalty or other remedy;
 - (5) those required to be held or maintained publicly available pursuant to article one-A of the legislative law; and
 - (6) substantial basis investigation reports issued by the commission pursuant to subdivision fourteen-a or fourteen-b of this section. With respect to reports concerning members of the legislature or legislative employees or candidates for member of the legislature, the joint commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of paragraph of subdivision nine of section eighty of the legislative law.

(b) Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding, including any such proceeding contemplated under paragraph (h) or (i) of subdivision nine of this section, of the commission shall be open to the public, except if expressly provided otherwise by the commission or as is required by article one-A of the legislative law.

(c) Pending any application for deletion or exemption to the commission, all information which is the subject or a part of the application shall remain confidential. Upon an adverse determination by the commission, the reporting individual may request, and upon such request the commission shall provide, that any information which is the subject or part of the application remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.

20. If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.
