# INTRODUCTION

The Joint Commission on Public Ethics (the “Commission”) was established by the Public Integrity Reform Act of 2011 (PIRA)<sup>1</sup> to oversee and regulate ethics and lobbying in New York State and began operation on December 14, 2011. (See Executive Law §94 attached hereto as Appendix A). The Commission has broad regulatory authority and oversight over officers and employees at State agencies and departments including commissions, boards, State public benefit corporations, public authorities, SUNY, CUNY, and the statutory closely-affiliated corporations; the four statewide elected officials and members of the Legislature (and candidates for those offices); employees of the Legislature; certain political party chairpersons; and registered lobbyists and their clients.

The Commission provides information, education, and advice regarding current ethics and lobbying laws, and promotes compliance with these laws through audits, investigations, and enforcement proceedings. Additionally, the Commission fosters transparency by making publicly available required disclosures filed by the people and entities under its oversight. These disclosures include, but are not limited to, the annual financial disclosure statements filed by thousands of individuals subject to the Commission’s jurisdiction and the activity and expense reports filed by thousands of lobbyists and their clients.

Pursuant to §94(9)(l) of the Executive Law and §1-d(g) of Legislative Law 1-A (the “Lobbying Act”), this annual report summarizes the activities of the Commission in 2015 and includes data relating to ethics and lobbying regulation. With respect to lobbying data, spending reached record highs in 2015. Total spending by lobbying entities - \$243.1 million - eclipsed the record set in 2014 by over \$17 million. Compensation paid to retained and employed in-house lobbyists also hit an all-time high of \$206.7 million.

The list of top spending entities was dominated by groups involved in education and education tax credit issues, led by the Invest in Education Coalition (previously reporting as Coalition for Opportunity in Education), which spent \$5.1 million on lobbying activities, over 90 percent of which went to advertisements, events, and other non-compensation expenses. Also among the top ten spenders were education-centered groups New York State United Teachers, StudentsFirst New York Advocacy, Inc., Families for Excellent

Schools, Inc., and Families for Excellent Schools Advocacy, Inc. In other sectors, issues such as rent control, prevailing wage, and affordable housing laws generated substantial spending by lobbying entities.

Separately, in conjunction with this annual report, the Commission will publish the complete data filed by lobbyists and their clients for 2015 in spreadsheet format on its website, [jcope.ny.gov](http://jcope.ny.gov). Additional summaries of lobbying data are included in this report. The full 2015 listing of lobbyists and public corporations and their financial data is attached hereto as Appendix B.

The report also highlights some of the Commission's achievements during the year, which include issuing a substantial basis investigation report against a former Assemblymember, resolving a Lobbying Act violation by a state contractor with the Commission's highest penalty to date, developing new guidance that resulted in two significant Advisory Opinions that address issues relating to influences in government decision making, and making substantial investments in information technology to improve public access to information and to streamline compliance measures.

The Commission made substantial legislative recommendations last year, many of which are being considered by the Legislature at this time. As such, the Commission has not included recommendations with this report. In 2016, the Commission will continue its efforts to provide new guidance on recent reforms and plans to develop new comprehensive regulations on the Lobbying Act.

# THE JOINT COMMISSION ON PUBLIC ETHICS

## ***The Public Integrity Reform Act of 2011***

---

The Commission was formally constituted in December 2011 pursuant to PIRA. The Commission continued the lobbying and ethics oversight functions of its predecessor agencies with regulatory authority over the four statewide elected officials, candidates for those offices, executive branch employees, State legislators, candidates for the Legislature and legislative branch employees, as well as certain political party chairs, and lobbyists and their clients.

The Commission is made up of 14 commissioners; three appointed by the Temporary President of the Senate, three appointed by the Speaker of the Assembly, one appointed by the Minority Leader of the Senate, one appointed by the Minority Leader of the Assembly, and six appointed by the Governor and the Lieutenant Governor. The Commission chairperson is selected by the Governor. Terms for commissioners vary and are set forth in Executive Law §94.

The Commission meets, at a minimum, bimonthly and appoints an executive director to run the functions and administration of the agency.

## *Structure and Staffing of the Agency*

---

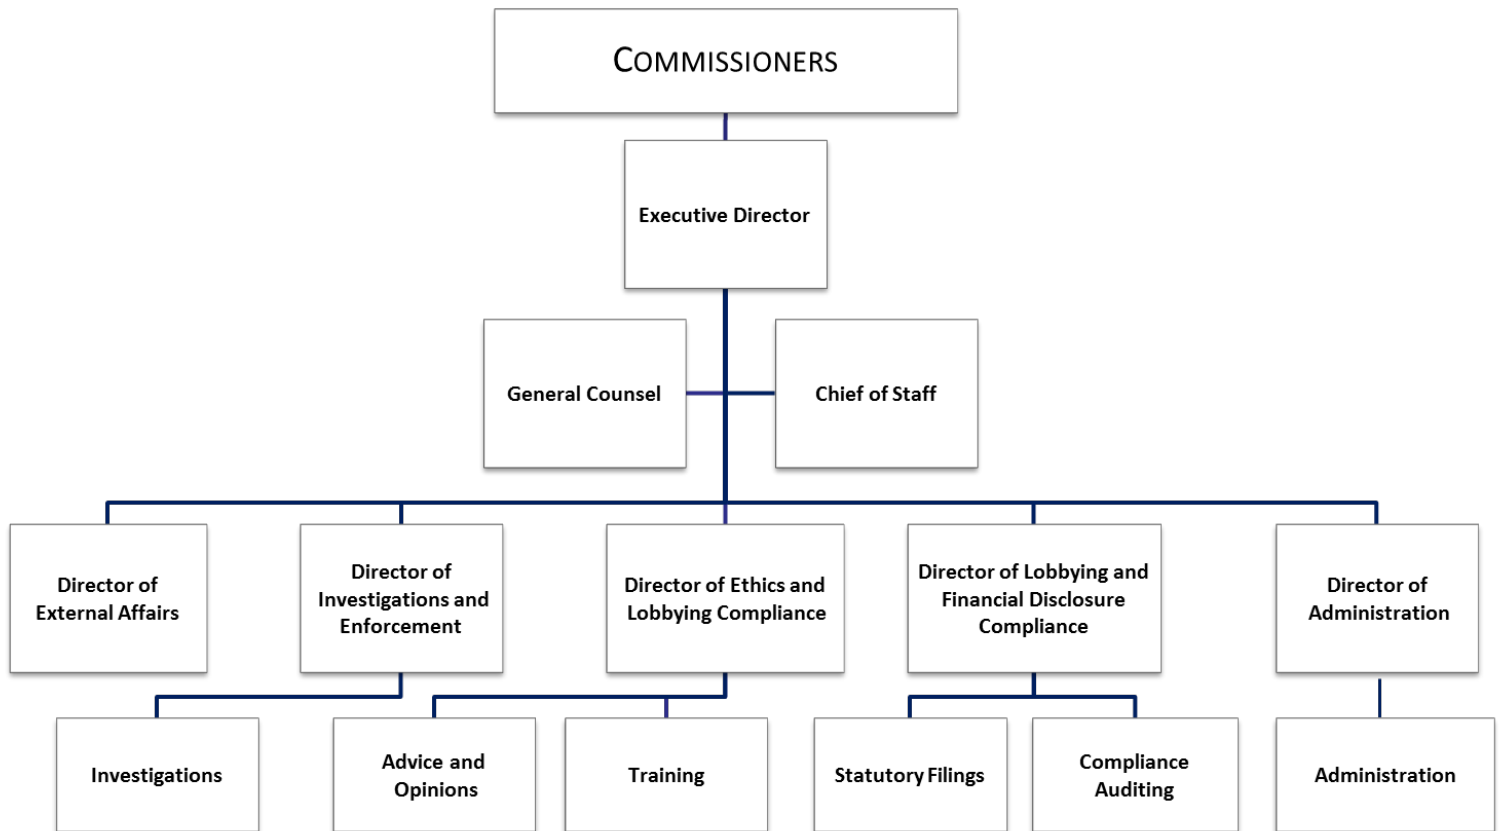

The Commission maintains a statewide presence with offices in Albany, New York City, and Buffalo, extending its coverage to the tens of thousands of State officers and employees, legislative members and employees, and registered lobbyists and clients located throughout the State.

The Commission currently has approximately 50 employees, including attorneys, investigators, auditors, filing specialists, and administrative staff. The agency and its staff are organized into five divisions consistent with its multiple statutory and administrative functions in order to maximize productivity and efficiency:

- 1) Ethics and Lobbying Guidance, which manages the advisory functions of the agency, including providing daily guidance to the regulatory community, drafting regulations and guidelines to clarify legal issues, and developing educational and training programs on the ethics and lobbying laws;
- 2) Lobbying and Financial Disclosure Compliance, which administers the Commission's two statutory filing programs – annual Financial Disclosure Statements under Public Officers Law §73-a and required filings under the Lobbying Act – and conducts the audit and review programs pursuant to which a portion of these filings are examined each year on a random basis;
- 3) Investigations and Enforcement, which handles the intake and review of complaints alleging violations of the Public Officers Law and Lobbying Act, conducts substantial basis investigations commenced by the Commission, and represents the Commission before an independent hearing officer adjudicating appropriate penalties for violations;

- 4) External Affairs, which oversees the Commission's external communications, the release of public information, content on the Commission's website, requests for public records, and public meetings; and
- 5) Administration, which manages the Commission's day-to-day administrative needs, including office management, financial transactions, and personnel matters.

## THE JOINT COMMISSION ON PUBLIC ETHICS

# GUIDANCE AND OUTREACH

The Commission provides regular guidance to public employees and officials, lobbyists, and clients of lobbyists who are subject to the Commission's jurisdiction. On a daily basis, Commission staff and counsel interact with the regulated community, answering questions and addressing issues in both formal and informal communications. In addition, the Commission periodically promulgates regulations and guidelines in order to clarify and amplify provisions in the ethics and lobbying laws. The Commission also provides various training programs to the regulated community and maintains a website with resources for the regulated community as well as access to tens of thousands of publicly available filings, including certain public officials' Financial Disclosure Statements and data filed by lobbyists and their clients.

## *Advisory Opinions*

---

Pursuant to Executive Law §94, the Commission issues formal Advisory Opinions, applying the Public Officers Law or the Lobbying Act to a particular set of facts. These opinions are issued upon approval of a majority of the Commission and are binding on both the Commission and the individual requesting the Opinion in any subsequent proceeding, provided that the requesting individual acted in good faith and neither omitted nor misstated any material facts. In 2015, staff proposed two formal Advisory Opinions that were approved by the Commission early this year, as discussed in more detail below.

In addition, Commission staff provides informal opinions on request. These opinions serve as guidance, but are not binding on the Commission. Informal opinions are issued on matters where formal opinions already have established precedent, especially in the areas of post-State employment restrictions and proposed outside activities by current State workers. Individuals who receive informal opinions, which are confidential, may request a formal Advisory Opinion from the full Commission. The Commission also reviews and approves requests from certain State officials to participate in an outside activity and to accept honoraria or reimbursement from non-State entities for travel expenses related to

official duties. In 2015, Commission staff provided written guidance on more than 500 such requests.

The following is a summary of the formal Advisory Opinions that were recently issued. The full text of these and other Advisory Opinions are available on the Commission's website at [jcope.ny.gov](http://jcope.ny.gov).

### **Advisory Opinion No. 16-01**

This opinion establishes that certain services provided by consultants constitute lobbying and thus are subject to the Lobbying Act. The Commission held that reportable lobbying includes preliminary contact made with public officials to enable or facilitate the ultimate advocacy. More specifically, any direct interaction with a public official in connection with an advocacy campaign, including preliminary communications to facilitate or enable the eventual substantive advocacy, constitutes lobbying. "*Direct interaction*" includes, but is not limited to: (i) verbal or written communications, including communications made for the purpose of facilitating access to a public official; (ii) attendance at a meeting with a public official; and (iii) presence on a phone call with a public official.

The Commission extended this reasoning to a consultant's activity on a grassroots campaign. First, the Commission clarified the test used to determine when grassroots advocacy constitutes reportable lobbying activity. The Commission held that a grassroots communication constitutes lobbying if it: (1) references, suggests, or otherwise implicates an activity covered by Lobbying Act Section 1-c(c); (2) takes a clear position on the issue in question; and (3) is an attempt to influence a public official through a call to action, *i.e.*, solicits or exhorts the public, or a segment of the public, to contact (a) public official(s). The Commission then applied this definition to a consultant's activity in support of a grassroots campaign and concluded that the activity can be considered reportable lobbying if the consultant controlled the delivery of and had input into the content of the message. Control of the *delivery* of a grassroots communication involves participation in the actual delivery of the message. Input on the *content* of a grassroots message means participation in the formation of the message.

**Advisory Opinion No. 16-02**

This opinion sets forth JCOPE's position that Public Officers Law §74 applies to campaign fundraising by statewide elected officials, reversing an interpretation of Public Officers Law §74 that was expressed by a predecessor agency in a footnote to Advisory Opinion No. 98-12. More specifically, the Opinion holds that Public Officers Law §74 requires that statewide elected officials refrain from knowingly soliciting or accepting monetary or in-kind campaign contributions directly from persons or entities that are the active subject of an ongoing exercise of that official's enforcement powers. Indirect solicitations, however, such as untargeted mass mailings conducted by an elected official's campaign, are permissible if the elected official has no actual knowledge that the solicitation will be sent to an active subject. An elected official who learns that a contribution has been received from a prohibited source must ensure that the contribution is returned. Finally, if, within twelve months after a person or entity has contributed to an elected official's campaign, that person or entity subsequently becomes an active subject, the official must recuse himself from any participation in the matter, unless the contribution was the result of an indirect solicitation or was unsolicited.

***Development of Regulations and Guidelines***

Public Officers Law Sections 73 and 74 contain several sections that address the obligation of State officers and employees to refrain from engaging in any outside activity that is in substantial conflict with their official duties. In June 2015, the Commission amended its existing regulations, codified at 19 NYCRR Part 932, which effectuate these various provisions of the Public Officers Law governing outside activities. The regulations were amended to clarify the guidance and procedure for obtaining prior approval of outside activities by policy-makers, heads of state agencies, and statewide elected officials. The regulations now include an easy-to-use chart to assist covered persons in determining which outside activities require prior approval, and the approving authority from which such approval must be sought. All Commission regulations are available on the Commission's website at [jcope.ny.gov](http://jcope.ny.gov).

### *Training and Educational Services*

---

The Commission's Training and Education Unit is committed to providing a comprehensive and dynamic educational program to ensure that public officers and employees, lobbyists, and clients of lobbyists are fully informed about the laws, regulations, and guidelines the Commission administers and enforces. Among other things, the Training and Education Unit has developed instructor-led trainings on the State's ethics and lobbying laws, designed web-based programming on a variety of topics, and produced a library of written educational materials which are available on the Commission's website.

Ethics training is mandatory for those State elected officials, officers, and employees who are required to file a Financial Disclosure Statement ("FDS") with JCOPE. FDS filers include policy makers and those State officers and employees earning above a certain salary threshold.

Section 94 of the Executive Law mandates that JCOPE create and conduct three ethics trainings for FDS filers. The first, the "Comprehensive Ethics Training Course" ("CETC") is a two-hour, CLE-accredited, live training for FDS filers and is required to be taken within two years of the date the FDS filer began qualifying employment.

The Commission first presented the CETC in a "Train-the-Trainer" format to ethics officers, trainers, and employees from New York State agencies, public authorities, commissions, councils and boards (collectively known as "State Agencies"). This has enabled JCOPE, along with agency ethics officers, to present the CETC to approximately 30,000 FDS filers statewide since the introduction of the CETC in 2013.

The Education and Training Unit continues to present the CETC to FDS filers statewide at JCOPE's Albany, New York City, and Buffalo offices. In 2015, more than 500 new FDS filers completed CETC training in person either through their respective agencies or at one of the JCOPE offices. The Education and Training Unit staff also conduct trainings for individual agencies as needed through live, interactive remote training.

The Commission works closely with agency ethics officers to assist in maintaining and monitoring compliance with the CETC requirements. Based on JCOPE's review of required ethics training reports, State agencies were, on average, 95 percent in compliance with the CETC requirement. As a result of the continued and collective effort of JCOPE staff and State agency ethics officers, nearly 90 percent of current FDS filers have now completed the CETC.

The second mandated ethics training for FDS filers, entitled the "Online Ethics Orientation," was made available to FDS filers in April of 2014 and represents an expansion into interactive web-based training sessions. Utilizing the Statewide Learning Management System, this online training is accessible to individuals at their workstations. The Online Ethics Orientation must be completed by State officers and employees newly subject to the FDS filing requirement within three months of beginning qualifying employment, unless they have taken the live CETC. As of the date of this report, nearly 2,500 FDS filers have completed the Online Orientation.

The Ethics Seminar, the last of the three mandated trainings, will provide an overview of changes in the relevant laws, regulations, and policies, and will include a question and answer session. This training will be presented by JCOPE staff and be available in the summer of 2016.

After FDS filers have taken the CETC, they are required to take ethics training every three years. To satisfy the requirement for that continued training, more than 20,000 FDS filers will have to complete either the CETC or the Ethics Seminar in 2016.

Members and staff of the Legislature are also required to complete ethics training. A mandatory ethics training program was implemented by the Legislature pursuant to §94(10)(d) of the Executive Law and §80 of the Legislative Law. This training program was provided by the Legislature, assisted by the LEC. Additionally, the LEC has developed and fully implemented an online ethics orientation course which all new legislative employees are required to complete within three months of being hired. All legislators, including

newly elected members, have completed a comprehensive training course, and more than 90 percent of legislative employees have completed ethics training.

Ethics training also is required for New York State registered lobbyists. The Commission provides an online training course entitled “Ethics for Lobbyists.” In accordance with the Lobbying Act, this interactive training provides an overview of State laws concerning ethics, including the Public Officers Law, the Lobbying Act, and the Election Law, and must be completed by registered lobbyists once every three years. As of the date of this report, more than 3,900 lobbyists have completed the ethics training program.

In addition to efforts directly related to the development and presentation of training programs, the Education and Training Unit continues to solicit information and ideas from the regulated community. Feedback from ethics officers received from an informational survey provided insight into the areas of highest concern. This type of outreach allows JCOPE to be more responsive to the issues facing ethics officers and State officers and employees. As follow-up to the survey, an open forum was held, providing a platform for ethics officers statewide to discuss their concerns directly with JCOPE legal staff. Outreach and responsiveness to the education and training needs of the regulated community continues to be one of the unit’s highest priorities in 2016.

### ***Website***

---

The website, [jcope.ny.gov](http://jcope.ny.gov), is an important tool for the Commission to communicate with the regulated community and the public, provide guidance on the ethics and lobbying laws and regulations, and publicize information about public officials and parties who influence government decision making. The website provides information about the laws and regulations that govern Commission activities, links to formal advisory opinions issued by the Commission, a library of materials for training and guidance, information concerning Commission enforcement actions, and convenient methods to submit sworn complaints or tips about potential ethics or lobbying violations. The website also makes publicly available tens of thousands of disclosure filings submitted by lobbyists and clients, including filings pursuant to the new lobbying disclosure requirements, to give New

Yorkers meaningful information about those trying to influence government decisions. The website also provides the public with access to the complete data filed by lobbyists and their clients from 2007 to the present in a downloadable spreadsheet format, as well as the Financial Disclosure Statements filed by elected State officials.

The Commission is in the process of redesigning the website, which, among other things, will provide enhanced search functionality as well as improved access to guidance, enforcement actions, and other information. As part of the redesign process, the Commission has met with stakeholders in the regulated communities, as well as civic groups, to get their input on ways to make the site more effective and hired a website design firm to spearhead the project.

# LOBBYING OVERVIEW

## *Overview of Developments in 2015*

---

In 2015, as part of the budget process, the scope of regulated local lobbying was expanded. JCOPE's jurisdiction previously applied to lobbying in a municipal subdivision of the State with a population exceeding 50,000; after the legislation was enacted,<sup>1</sup> the population threshold was reduced to 5,000. To ensure that the regulated community was aware of the new reporting obligations, the Commission met with multiple trade associations and local government groups, and published updated information on affected localities on its website.

The Commission also engaged in extensive outreach with the regulated communities as part of its process to issue new guidance on multiple lobbying topics. Discussed in further detail in the "Guidance and Outreach" Section of this report, the Commission issued an advisory opinion related to the application of the Lobbying Act to those who are compensated for consulting services.<sup>2</sup> This Advisory Opinion discussed the evolution of the Lobbying Act and analyses conducted by the Commission's predecessor agencies, and established new tests for grassroots lobbying and certain direct lobbying.

Also in 2015, the Commission launched the design and development process for a new online lobbying filing system. Working with developers, business analysts, and project managers, the Commission kicked off with the business rules and requirements phase. Staff also held roundtable discussions with civic groups, lobbyists, and clients of lobbyists to better understand the needs of practitioners and the public in the forthcoming application. The new system is expected to be introduced in 2017.

As required by §1-d(b) of the Lobbying Act, the Commission conducts a Random Audit Program that provides an independent and objective evaluation of reports and registration statements filed by lobbyists and their clients. The random selection of audits is done by an outside consulting firm, and a different outside accounting firm certifies that the Random

Audit Program operates in compliance with the Lobbying Act. In 2015, the audit process was retooled in order to ensure that each selected filing was subjected to a more rigorous and intensive examination process. Also, in 2015, the Random Audit Program invested in a comprehensive auditing electronic workpaper system. Over the course of the year, auditors were trained, existing data was transferred, and the new audit software was put into production for day to-day use. This technology investment will allow the Random Audit Program to better manage and archive information and to use findings and other metrics to identify trends to target in education, compliance, and enforcement. In 2015, under the Random Audit Program, the Commission conducted 250 audits, generating findings and recommendations to improve filing or recordkeeping procedures, or to file amended reports to correct discrepancies uncovered in the audit process.

Finally, the Commission issued a resolution in October 2015 to establish a limited amnesty program. Designed to encourage non-compliant filers to register under the Lobbying Act and disclose information about their lobbying activities back to 2006, the Commission agreed to waive late fees and civil penalties. The amnesty program runs from January 1, 2016 through June 30, 2016, and is only available to those entities who have never filed reports with the Commission, nor been previously contacted by the Commission for non-compliance with filing requirements.

### ***2015 Lobbying Data***

---

During the lobbying year ending December 31, 2015, 6,119 individual lobbyists were reported on 5,231 lobbyist registrations filed with the Commission, representing 4,064 clients. In addition, 17 public corporations registered as lobbyists and filed reports on behalf of themselves. (Lobbying Act §§1-c(i), 1-e, and 1-i). During the same period, 86 public corporations retained lobbyists and filed as clients of these lobbyists.

Staff continued to encourage lobbyists and clients to use the online filing system. Electronic filers are able to view the status of their filings online and make necessary changes immediately.

- ✦ In 2015, approximately 99 percent of lobbyists and 54 percent of clients used the online filing system to submit their registrations and reports.
- ✦ The online application automatically notifies filers of minor filing errors prior to submission and prompts the filer for corrections. This has significantly reduced manual processing by staff.

All filings received by the Commission are reviewed for completeness. In 2015, more than 43,000 filings and lobbying contracts were reviewed and processed.

The Commission's oversight extends to lobbyists and clients attempting to influence any local law, ordinance, rule, regulation or rate pending before certain municipalities or its subdivisions. (Lobbying Act §1-c(k)). A total of 492 registrations were filed for lobbyists active on only local issues, up from 448 in 2014, but nearly 2,400 registrations were filed for lobbyists active on both local and State issues, up some 14 percent over the prior year. Thus, 55.2 percent of the 5,210 lobbyist registrations filed indicate at least some local lobbying. This increase may be attributable, in part, to the expanded local lobbying statutory rules discussed above. The Commission's jurisdiction also extends to procurement lobbying on the State and local level. Approximately 23 percent of all lobbying registrations reported procurement lobbying activities.

According to the client and lobbyist reports filed, 2015 saw record-level spending amounts across multiple categories. A record total \$243.1 million in lobbying spending was reported for the year, representing an increase of \$17.1 million – approximately 8 percent – as compared to 2014. Spending on compensation paid to retained and employee lobbyists also increased by \$12.5 million over the record set in 2014, to 206.7 million. Advertising expenses increased to \$17.9 million, and event-related expenses dropped slightly to just over \$729,000.

The list of top ten highest lobbying spenders was dominated by education-related groups. Invest in Education Coalition, Inc. (formerly the Coalition for Opportunity in Education, Inc.) led the pack at \$5.1 million; also included in the top ten were New York State United Teachers (\$4.6 million), StudentsFirst New York Advocacy, Inc. (\$2.4 million), Families for

Excellent Schools Advocacy (\$1.7 million), and Families for Excellent Schools, Inc. (\$1.6 million).

The ten highest spending lobbying entities, discussed above, spent over \$26 million, or approximately 11 percent of all lobbying spending. Within this group, over 80 percent of spending was allocated to advertisements or other expenses. As a comparison, total lobbying spending across the board was split 85 percent to compensation and 15 percent to expenses. Thus, at the very highest levels, spending is predominately allocated to advertisements and other expenses, while the industry as a whole continues to operate with the expenditures heavily centered on lobbyist compensation.

As discussed above, the filings submitted pursuant to the disclosure requirements under the Lobbying Act are available on the Commission's website. The Commission will continue its efforts to ensure compliance through training and outreach, as well as audits and enforcement actions.

Pursuant to statute, the complete 2015 listing of lobbyists and public corporations including compensation and reimbursed expenses is attached hereto as Appendix B. Separately, in conjunction with this annual report, the Commission will publish in spreadsheet format on its website the complete data filed by lobbyists and their clients for 2015. These spreadsheets give the public ease of access to, and the ability to perform custom analyses of, the data thereby increasing transparency.

# FINANCIAL DISCLOSURE STATEMENTS

To maintain the public's trust and confidence in government through disclosure and to aid in the prevention of corruption, favoritism, undue influence, and abuses of official position, certain public officers and employees are required to file an annual Financial Disclosure Statement ("FDS") with the Commission pursuant to Public Officers Law §73-a and Executive Law §94.

## *Annual Financial Disclosure Statements*

---

Public Officers Law §73-a requires state officers or employees who receive compensation in excess of the filing rate of an SG-24 (which was \$91,821 in 2015), or who hold a policy-making position as determined by their appointing authority, to file FDSs. This requirement applies to heads of state departments, boards, bureaus, divisions, commissions, councils, State agencies, and members or directors of public authorities, as well as the State University of New York and City University of New York. The four statewide elected officials (Governor, Lieutenant Governor, Attorney General and Comptroller), the state chairs of recognized political parties and certain county chairs of these parties are also required to file FDSs.

The Commission also has authority to enforce this requirement with respect to legislative members, candidates for those offices, and legislative staff. Starting in 2012, the FDSs for current legislative members and legislative employees are required to be filed with the Legislative Ethics Committee ("LEC") on May 15 of each year and then submitted by the LEC to the Commission by June 30. The Commission continues to track and review these FDSs.

As prescribed in Executive Law §94, the Commission posts to its website the FDSs submitted by all members of the State Legislature and the four statewide elected officials. Other filed FDSs are available for public review upon request. Further, pursuant to Public Officers Law §73-a(2)(d), the Commission must identify and post on its website a list of candidates who did not timely file. Public Officers Law § 73-a(2)(a)(iii)-(vii) requires that

candidates for statewide elected office or candidates for the Legislature, within ten days of becoming a candidate, file an annual statement of financial disclosure with the LEC. The LEC forwards the candidate's FDS filings and a list of required filers to the Commission.

In certain circumstances, the Commission may grant an exemption from filing to individuals who earn above the filing rate. An exemption request may be submitted either by an individual or by a state agency or employee organization on behalf of a group of individuals who share the same job title or employment classification. For an exemption to be granted, an individual's job duties may not involve the negotiation, authorization, or approval of:

- ✦ contracts, leases, franchises or similar matters;
- ✦ the purchase, sale or rental of real property, goods or services;
- ✦ the obtaining of grants of money or loans; or
- ✦ the adoption or repeal of rules or regulations having the force and effect of law.

In 2015, the Commission processed over 29,000 individual Financial Disclosure Statements submitted by public officials, approximately 92 percent of which were filed electronically and eight percent of which were submitted as paper forms. Included in this number was approximately 4,200 FDSs filed on paper by members and employees of, and candidates for, the Legislature.

### **New Financial Disclosure Statement Requirements Enacted in 2015**

As part of the 2015 budget process, additional client disclosure questions were added to the FDS form. Specifically, public officials who personally provide services to private clients or customers outside their state position must disclose the identity of the client and the amount of fees generated if the client pays the official or his or her firm over \$5,000 in the calendar year. Further, if the public official provided services to the client or referred the client to the firm and the client generates fees in excess of \$10,000 related to certain non-ministerial matters before the state, the public official must disclose the client, the amount of fees generated, and detailed information about the matter and the services provided. All

client disclosure requirements include certain automatic exclusions, *e.g.*, medical, pharmaceutical, or dental services, mental health services, residential real estate brokering services, or legal services related to law enforcement prosecutions and investigations, bankruptcy, family court, estate planning, or domestic relations matters. Finally, a public official may seek an exemption from such client disclosure rules through the Commission or the Office of Court Administration. These disclosure requirements only apply to client relationships or matters that began on or after December 31, 2015.

## **Random Review Program for FDS**

Pursuant to Executive Law §94, the Commission conducts a program of comprehensive reviews of FDSs. The primary objective of this random review program is to ascertain compliance with Public Officers Law §73-a. Particular focus is devoted to confirming whether all entries are complete, directly relate to each question, and are consistent with internal documents maintained by the Commission and related public information. This program ensures that the public has access to complete and accurate information about the financial interests and potential conflicts of state officials and employees.

# INVESTIGATIONS AND ENFORCEMENT

## *Overview*

---

The Commission is charged with investigating potential violations of the State's ethics laws (Public Officers Law §§73, 73-a, and 74), the "Little Hatch Act" (Civil Service Law §107), and the Lobbying Act (Legislative Law Article 1-A). The Commission has jurisdiction to investigate violations of law by officers and employees at State agencies and departments including commissions, boards, State public benefit corporations, public authorities, SUNY, CUNY, and the statutory closely-affiliated corporations; the four statewide elected officials and members of the Legislature (and candidates for those offices); employees of the Legislature; certain political party chairpersons; and registered lobbyists and their clients.

Investigations may be conducted on the Commission's own initiative, based on referrals from other governmental entities, or in response to information provided by the public. The Commission's procedures for submitting tips and filing complaints alleging violations of the Public Officers Law or the Lobbying Act are available on the Commission's website at [www.jcope.ny.gov](http://www.jcope.ny.gov) and [www.reportmisconduct.ny.gov](http://www.reportmisconduct.ny.gov) or by calling the hotline (1-800-87-ETHICS).

Under Executive Law §94, prior to commencing an investigation, the Commission must provide the person or entity subject to the Commission's jurisdiction with notice of any alleged violation of law and a fifteen-day period in which to respond to such allegations. This notice is commonly referred to as a "fifteen-day letter." The Commission must then vote on whether or not to commence a full investigation to determine whether a substantial basis exists to conclude that a violation of law has occurred.

If the Commission votes to commence an investigation, the person or entity subject to the Commission's jurisdiction will be provided with notice and an opportunity to respond in writing to the allegations. After conducting an investigation, the Commission must determine whether there is a substantial basis to conclude that a violation of law occurred. If the Commission makes such a finding, then it publicly issues a "Substantial Basis Investigation Report" which sets forth the alleged violations of law.

The Commission has jurisdiction to enforce penalties for violations by executive branch officers and employees, lobbyists, and clients. The Commission has issued regulations governing the conduct of adjudicatory proceedings relating to the assessment of civil penalties. To ensure fairness of the proceedings, adjudications are conducted by independent hearing officers who are selected randomly from a pool of hearing officers. These regulations also cover appeals taken from hearing officer final decisions, and appeals of denials of requests to delete or exempt certain information from an FDS. In the event that the Commission finds a substantial basis to conclude that such a violation has occurred by members of or candidates for the Legislature and legislative employees, it presents its Substantial Basis Investigation Report to the Legislative Ethics Commission (“LEC”), which may then assess penalties pursuant to its own adjudicatory regulations that are available on its website at [www.legethics.com](http://www.legethics.com).

Information concerning the Commission’s enforcement actions, including its settlement agreements, is published on the Commission’s website.

## ***2015 Review and Disposition of Investigative Matters***

---

The Commission processed more than 200 matters in 2015. In general, allegations cover a broad range of potential violations of the Public Officers Law, including conflicts of interests, improper gifts, nepotism, failure to file financial disclosure statements, and post-employment issues. In addition, some matters involved possible violations of the Lobbying Act, including failure to register as a lobbyist and failure to submit required filings.

In 2015, the Commission issued 17 fifteen-day letters, commenced 13 investigations, settled 26 matters, and issued one Substantial Basis Investigation Report, as discussed in more detail below.<sup>3</sup> Of the 17 fifteen-day letters, three were sent to members/employees of the Legislature, 13 to Executive Branch officials/employees, and one to a registered lobbyist. Of the 13 investigations that were commenced, 12 involved Executive Branch officials/employees and one involved a registered lobbyist. The Commission commenced

---

<sup>3</sup> The number of fifteen-day letters, commenced investigations, and settled matters do not necessarily add up because some matters that are initiated in the prior year are not voted on to commence an investigation or are settled until the following year.

the investigations by a unanimous vote in all but one matter. At the end of 2015, the Commission had 12 open investigations (11 relating to Executive Branch officials/employees and one relating to a registered lobbyist) and 29 matters pending review.

The Commission voted on seven matters involving Elected Officials in 2015 (five relating to Members of the Legislature and two relating to Statewide Elected Officials). Of the seven matters, one resulted in a Substantial Basis Investigation Report, two were closed, three were adjourned for future consideration, and one remains pending before the Commission.

The Commission's investigations and enforcement actions in 2015 resulted in penalties totaling approximately \$189,300. As mentioned above, the Commission entered into settlement agreements to resolve 26 matters: 20 involving violations of the Public Officers Law by Executive Branch employees and six involving violations of the Lobbying Act by registered lobbyists or their clients. These enforcement actions involved a range of violations, including abuse of office, nepotism, accepting prohibited gifts, and failing to file required disclosures with the Commission. In addition, the Commission pursued more than 140 State employees and officials who had failed to file required financial disclosure statements and brought them into compliance.

Not all investigative matters warrant enforcement action. In some cases, based on the facts, the Commission concluded that the public interest would be better served by providing education and guidance to prevent future violations. The Commission continues to exercise its discretion to resolve some investigative matters with "guidance letters" setting forth the appropriate legal and regulatory considerations to guide future conduct.

The Commission maintains relationships with law enforcement partners and with agencies, agency counsel, ethics officers, and other agency personnel, coordinating efforts when appropriate. The Commission also collaborates with State agencies to efficiently resolve disciplinary matters that involve violations under the Commission's jurisdiction.

**Former Assemblymember Dennis Gabryszak:** On November 16, 2015, the Commission issued a Substantial Basis Investigation Report in the matter of Assemblymember Dennis

Gabryszak. The investigation concluded with the issuance of a Substantial Basis Investigation Report which was unanimously approved by the Commission. The Commission found that Assemblymember Gabryszak violated the public trust, abused his public office to serve his personal interests, and misappropriated State resources. Gabryszak used his official position to secure unwarranted privileges for himself by compelling female employees to submit to sexually inappropriate requests and conduct while threatening that his position allowed him to fire them for any reason. He also retaliated against non-compliant staff by taking away significant job responsibilities or otherwise marginalizing them. Gabryszak also misappropriated state resources by using his district office and state equipment and supplies for his re-election campaign.

As required under Executive Law § 94, the Commission presented its Report to the LEC for its consideration that Assemblymember Gabryszak violated Public Officers Law §§74(3)(d), (f), and (h) through knowing and intentional conduct. On February 12, 2016, LEC assessed a civil penalty against Gabryszak in the amount of \$100,000.

**Joseph Flora & Health Management Systems, Inc.:** The Commission entered into settlement agreements with a former State official, Joseph Flora, and Health Management Systems, Inc. (HMS), a company that was contracting with Flora's employer, the New York State Office of the Medicaid Inspector General (OMIG). Flora sought a job offer with a signing bonus and accepted other gifts from HMS. Flora agreed to pay a \$14,000 fine, and admitted to violating the Public Officers Law during his oversight of a multi-million dollar contract between HMS and OMIG, which began in 2009. In 2013, Flora initially accepted a job offer with HMS that would have included an \$18,000 signing bonus, though the arrangement was later cancelled. Flora also acknowledged that between 2010 and 2013, he accepted multiple gifts of meals and beverages from representatives of HMS. HMS entered into a separate agreement with the Commission paying \$75,000 to settle allegations that it violated the gift prohibitions in the Lobbying Act for its part in the incidents. It also agreed to cooperate with the Commission's investigation of Flora.

A chart summarizing all of the Commission's enforcement activity in 2015 follows below.

# APPENDIX A: EXECUTIVE LAW §94

## §94. Joint commission on Public Ethics; functions, powers and duties; review of financial disclosure statements; advisory opinions; investigation and enforcement.

---

1. There is established within the department of state a joint commission on public ethics which shall consist of fourteen members and shall have and exercise the powers and duties set forth in this section with respect to statewide elected officials, members of the legislature and employees of the legislature, and state officers and employees, as defined in sections seventy-three and seventy-three-a of the public officers law, candidates for statewide elected office and for the senate or assembly, and the political party chairman as that term is defined in section seventy-three-a of the public officers law, lobbyists and the clients of lobbyists as such terms are defined in article one-A of the legislative law, and individuals who have formerly held such positions, were lobbyists or clients of lobbyists, as such terms are defined in article one-A of the legislative law, or who have formerly been such candidates. This section shall not be deemed to have revoked or rescinded any regulations or advisory opinions issued by the legislative ethics commission, the commission on public integrity, the state ethics commission and the temporary lobbying commission in effect upon the effective date of chapter fourteen of the laws of two thousand seven which amended this section to the extent that such regulations or opinions are not inconsistent with any law of the state of New York, but such regulations and opinions shall apply only to matters over which such commissions had jurisdiction at the time such regulations and opinions were promulgated or issued. The commission shall undertake a comprehensive review of all such regulations and opinions, which will address the consistency of such regulations and opinions among each other and with the new statutory language, and of the effectiveness of the existing laws, regulations, guidance and ethics enforcement structure to address the ethics of covered public officials and related parties. Such review shall be conducted with the legislative ethics commission and, to the extent possible, the report's findings shall reflect the full input and deliberations of both commissions after joint consultation. The commission shall, before February first, two thousand fifteen, report to the governor and legislature regarding such review and shall propose any regulatory or statutory changes and issue any advisory opinions necessitated by such review.
2. The members of the commission shall be appointed as follows: three members shall be appointed by the temporary president of the senate, three members shall be

appointed by the speaker of the assembly, one member shall be appointed by the minority leader of the senate, one member shall be appointed by the minority leader of the assembly, and six members shall be appointed by the governor and the lieutenant governor. In the event that a vacancy arises with respect to a member of the commission first appointed pursuant to the chapter of the laws of two thousand eleven which amended this subdivision by a legislative leader, the legislative leaders of the same political party in the same house shall appoint a member to fill such vacancy irrespective of whether that legislative leader's political party is in the majority or minority. Of the members appointed by the governor and the lieutenant governor, at least three members shall be and shall have been for at least three years enrolled members of the major political party in which the governor is not enrolled. In the event of a vacancy in a position previously appointed by the governor and lieutenant governor, the governor and lieutenant governor shall appoint a member of the same political party as the member that vacated that position. Prior to making their respective appointments, the governor and the lieutenant governor and the legislative leaders shall solicit and receive recommendations for appointees from the attorney general and the comptroller of the state of New York, which recommendations shall be fully and properly considered but shall not be binding.

No individual shall be eligible for appointment as a member of the commission who currently or within the last three years:

No individual shall be eligible for appointment as a member of the commission who currently or within the last year is or has been a state officer or employee or legislative employee as defined in section seventy-three of the public officers law.

4. The governor shall designate the chairman of the commission from among the members thereof, who shall serve as chairman at the pleasure of the governor. The chairman or any eight members of the commission may call a meeting.
5. Any vacancy occurring on the commission shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds.
6. Eight members of the commission shall constitute a quorum, and the commission shall have power to act by majority vote of the total number of members of the commission without vacancy except where the commission acts pursuant to subdivision thirteen, subdivision fourteen-a or subdivision fourteen-b of this section.
7. Members of the commission may be removed by the appointing authority solely for substantial neglect of duty, gross misconduct in office, violation of the confidentiality restrictions in subdivision nine-a of this section, inability to discharge the powers or duties of office or violation of this section, after written notice and opportunity for a reply.
8. The members of the joint commission shall receive a per diem allowance in the sum of three hundred dollars for each day actually spent in the performance of his or her duties under this article, and, in addition thereto, shall be reimbursed for all reasonable expenses actually and necessarily incurred by him or her in the performance of his or her duties under this article.

Such rules and regulations shall provide for exemptions to be granted either on the application of an individual or on behalf of persons who share the same job title or employment classification which the commission deems to be comparable for purposes of this section. Such rules and regulations may permit the granting of an exemption where, in the discretion of the commission, the public interest does not require disclosure and the applicant's duties do not involve the negotiation, authorization or approval of:

**(m)** Determine a question common to a class or defined category of persons or items of information required to be disclosed, where determination of the question will prevent undue repetition of requests for exemption or deletion or prevent undue complication in complying with the requirements of such section; and

**(n)** Promulgate guidelines for the commission to conduct a program of random reviews, to be carried out in the following manner: (i) annual statements of financial disclosure shall be selected for review in a manner pursuant to which the identity of any particular person whose statement is selected is unknown to the commission and its staff prior to its selection; (ii) such review shall include a preliminary examination of the selected statement for internal consistency, a comparison with other records maintained by the commission, including previously filed statements and requests for advisory opinions, and examination of relevant public information; (iii) upon completion of the preliminary examination, the commission shall determine whether further inquiry is warranted, whereupon it shall notify the reporting individual in writing that the statement is under review, advise the reporting individual of the specific areas of inquiry, and provide the reporting individual with the opportunity to provide any relevant information related to the specific areas of inquiry, and the opportunity to file amendments to the selected statement on forms provided by the commission; and (iv) if thereafter sufficient cause exists, the commission shall take additional actions, as appropriate and consistent with law.

Any breaches of confidentiality shall be investigated by the inspector general and appropriate action shall be taken. - 9-b.** During the period of his or her service as a commissioner of the commission, each commissioner shall refrain from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor, member of the assembly or the senate, attorney general or state comptroller.
- 10.** The commission shall prepare materials and design and administer an ethics training program for individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law with respect to the provisions of sections seventy-three, seventy-three-a, and seventy-four of the public officers law and any other law, administrative regulation, or internal policy that is of relevance to the ethical conduct of such individuals in public service, as follows:
- (a)** The commission shall develop and administer a comprehensive ethics training course and shall designate and train instructors to conduct such training. Such course shall be designed as a two-hour program and shall include practical application of the material covered and a question-and-answer participatory segment. Unless the commission grants an extension or waiver for good cause shown, all individuals subject to the financial disclosure requirements of section seventy-three-a of the public officers law shall complete such course within two years of the effective date of the chapter of the laws of two thousand eleven which amended this section, or for those individuals elected or appointed after the effective date of the chapter of the laws of two thousand eleven which amended this section, within two years of becoming subject to the financial disclosure requirements of section seventy-three-a of the public officers law.
  - (b)** The commission shall develop and administer an online ethics orientation course and shall notify all individuals newly subject to the financial disclosure requirements of section seventy-three-a of the public officers law of such course, which shall be completed by such individuals within three months of becoming subject to such requirements, unless the commission grants an extension or waiver for good cause shown. Individuals who have completed the comprehensive ethics training course shall not be required to complete the online ethics orientation course.
  - (c)** The commission shall develop and administer an ethics seminar or ethics seminars for individuals who have previously completed the comprehensive ethics training course. Such seminars shall be designed as ninety-minute programs and shall include any changes in law, regulation, or policy or in the interpretation thereof, practical application of the material covered, and a question-and-answer segment. Unless the commission grants an extension or waiver for good cause shown, such individuals shall be scheduled to attend a

seminar at least once every three years after having completed the comprehensive ethics training course. In lieu of attending an ethics seminar, such individuals may complete a subsequent comprehensive ethics training program.

**(d)** The provisions of this subdivision shall be applicable to the legislature except to the extent that an ethics training program is otherwise established by the assembly or senate for their respective members and employees and such program meets or exceeds each of the requirements set forth in this section.

**(e)** On an annual basis, the joint commission in coordination with the legislative ethics commission shall determine the status of compliance with these training requirements by each state agency and by the senate and the assembly. Such determination shall include aggregate statistics regarding participation in such training, and shall be reported to the governor and the legislature in writing.

**11.** The commission, or the executive director and staff of the commission if responsibility therefor has been delegated, shall inspect all financial disclosure statements filed with the commission to ascertain whether any person subject to the reporting requirements of section seventy-three-a of the public officers law has failed to file such a statement, has filed a deficient statement or has filed a statement which reveals a possible violation of section seventy-three, seventy-three-a or seventy-four of the public officers law.

**12.** If a person required to file a financial disclosure statement with the commission has failed to file a disclosure statement or has filed a deficient statement, the commission shall notify the reporting person in writing, state the failure to file or detail the deficiency, provide the person with a fifteen day period to cure the deficiency, and advise the person of the penalties for failure to comply with the reporting requirements. Such notice shall be confidential. If the person fails to make such filing or fails to cure the deficiency within the specified time period, the commission shall send a notice of delinquency: (a) to the reporting person; (b) in the case of a statewide elected official, member of the legislature, or a legislative employee, to the temporary president of the senate and the speaker of the assembly; and (c) in the case of a state officer or employee, to the appointing authority for such person. Such notice of delinquency may be sent at any time during the reporting person's service as a statewide elected official, state officer or employee, member of the assembly or the senate, or a legislative employee or a political party chair or while a candidate for statewide office, or within one year after termination of such service or candidacy. The jurisdiction of the commission, when acting pursuant to subdivision fourteen of

this section with respect to financial disclosure, shall continue notwithstanding that the reporting person separates from state service, or ceases to hold public or political party office, or ceases to be a candidate, provided the commission notifies such person of the alleged failure to file or deficient filing pursuant to this subdivision.

13. (a) Investigations. If the commission receives a sworn complaint alleging a violation of section seventy-three, seventy-three-a, or seventy-four of the public officers law, section one hundred seven of the civil service law or article one-A of the legislative law by a person or entity subject to the jurisdiction of the commission including members of the legislature and legislative employees and candidates for member of the legislature, or if a reporting individual has filed a statement which reveals a possible violation of these provisions, or if the commission determines on its own initiative to investigate a possible violation, the commission shall notify the individual in writing, describe the possible or alleged violation of such laws and provide the person with a fifteen day period in which to submit a written response setting forth information relating to the activities cited as a possible or alleged violation of law. The commission shall, within forty-five calendar days after a complaint or a referral is received or an investigation is initiated on the commission's own initiative, vote on whether to commence a full investigation of the matter under consideration to determine whether a substantial basis exists to conclude that a violation of law has occurred. The staff of the joint commission shall provide to the members prior to such vote information regarding the likely scope and content of the investigation, and a subpoena plan, to the extent such information is available. Such investigation shall be conducted if at least eight members of the commission vote to authorize it. Where the subject of such investigation is a member of the legislature or a legislative employee or a candidate for member of the legislature, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by a legislative leader or leaders from the major political party in which the subject of the proposed investigation is enrolled if such person is enrolled in a major political party. Where the subject of such investigation is a state officer or state employee, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor. Where the subject of such investigation is a statewide elected official or a direct appointee of such an official, at least two of the eight or more members who so vote to authorize such an investigation must have been appointed by the governor and lieutenant governor and be enrolled in the major political party in which the subject of the proposed investigation is enrolled, if such person is enrolled in a major political party.

**(b)** Substantial basis investigation. Upon the affirmative vote of not less than eight commission members to commence a substantial basis investigation, written notice of the commission's decision shall be provided to the individual who is the subject of such substantial basis investigation. Such written notice shall include a copy of the commission's rules and procedures and shall also include notification of such individual's right to be heard within thirty calendar days of the date of the commission's written notice. The commission shall also inform the individual of its rules regarding the conduct of adjudicatory proceedings and appeals and the other due process procedural mechanisms available to such individual. If the commission determines at any stage that there is no violation or that any potential conflict of interest violation has been rectified, it shall so advise the individual and the complainant, if any. All of the foregoing proceedings shall be confidential.

**(c)** The jurisdiction of the commission when acting pursuant to this section shall continue notwithstanding that a statewide elected official or a state officer or employee or member of the legislature or legislative employee separates from state service, or a political party chair ceases to hold such office, or a candidate ceases to be a candidate, or a lobbyist or client of a lobbyist ceases to act as such, provided that the commission notifies such individual or entity of the alleged violation of law pursuant to paragraph (a) of this subdivision within one year from his or her separation from state service or his or her termination of party service or candidacy, or from his, her or its last report filed pursuant to article one-A of the legislative law. Nothing in this section shall serve to limit the jurisdiction of the commission in enforcement of subdivision eight of section seventy-three of the public officers law.

**14.** An individual subject to the jurisdiction of the commission who knowingly and intentionally violates the provisions of subdivisions two through five-a, seven, eight, twelve or fourteen through seventeen of section seventy-three of the public officers law, section one hundred seven of the civil service law, or a reporting individual who knowingly and wilfully fails to file an annual statement of financial disclosure or who knowingly and wilfully with intent to deceive makes a false statement or fraudulent omission or gives information which such individual knows to be false on such statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law shall be subject to a civil penalty in an amount not to exceed forty thousand dollars and the value of any gift, compensation or benefit received as a result of such violation. An individual who knowingly and intentionally violates the provisions of paragraph a, b, c, d, e, g, or i of subdivision three of section seventy-four of the public officers law shall be subject to a civil penalty in an amount not to exceed ten thousand dollars and the value of any gift, compensation or benefit received as a

result of such violation. An individual subject to the jurisdiction of the commission who knowingly and willfully violates article one-A of the legislative law shall be subject to civil penalty as provided for in that article. Except with respect to members of the legislature and legislative employees, assessment of a civil penalty hereunder shall be made by the commission with respect to persons subject to its jurisdiction. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor for further investigation. In assessing the amount of the civil penalties to be imposed, the commission shall consider the seriousness of the violation, the amount of gain to the individual and whether the individual previously had any civil or criminal penalties imposed pursuant to this section, and any other factors the commission deems appropriate. Except with respect to members of the legislature and legislative employees, for a violation of this subdivision, other than for conduct which constitutes a violation of section one hundred seven of the civil service law, subdivisions twelve or fourteen through seventeen of section seventy-three or section seventy-four of the public officers law or article one-A of the legislative law, the commission may, in lieu of or in addition to a civil penalty, refer a violation to the appropriate prosecutor and upon such conviction, such violation shall be punishable as a class A misdemeanor. A civil penalty for false filing may not be imposed hereunder in the event a category of "value" or "amount" reported hereunder is incorrect unless such reported information is falsely understated. Notwithstanding any other provision of law to the contrary, no other penalty, civil or criminal may be imposed for a failure to file, or for a false filing, of such statement, or a violation of subdivision six of section seventy-three of the public officers law, except that the appointing authority may impose disciplinary action as otherwise provided by law. The commission may refer violations of this subdivision to the appointing authority for disciplinary action as otherwise provided by law. The commission shall be deemed to be an agency within the meaning of article three of the state administrative procedure act and shall adopt rules governing the conduct of adjudicatory proceedings and appeals taken pursuant to a proceeding commenced under article seventy-eight of the civil practice law and rules relating to the assessment of the civil penalties herein authorized and commission denials of requests for certain deletions or exemptions to be made from a financial disclosure statement as authorized in paragraph (h) or paragraph (i) of subdivision nine of this section. Such rules, which shall not be subject to the approval requirements of the state administrative procedure act, shall provide for due process procedural mechanisms substantially similar to those set forth in article three of the state administrative procedure act but such mechanisms need not be identical in terms or

scope. Assessment of a civil penalty or commission denial of such a request shall be final unless modified, suspended or vacated within thirty days of imposition, with respect to the assessment of such penalty, or unless such denial of request is reversed within such time period, and upon becoming final shall be subject to review at the instance of the affected reporting individuals in a proceeding commenced against the commission, pursuant to article seventy-eight of the civil practice law and rules.

**14-a.** The joint commission on public ethics shall have jurisdiction to investigate, but shall have no jurisdiction to impose penalties upon members of or candidates for member of the legislature or legislative employees for any violation of the public officers law. If, after its substantial basis investigation, by a vote of at least eight members, two of whom are enrolled members of the investigated individual's political party if the individual is enrolled in a major political party and were appointed by a legislative leader of such political party, the joint commission on public ethics has found a substantial basis to conclude that a member of the legislature or a legislative employee or candidate for member of the legislature has violated any provisions of such laws, it shall present a written report to the legislative ethics commission, and deliver a copy of the report to the individual who is the subject of the report. Such written report shall include:

- (a) the commission's findings of fact and any evidence addressed in such findings; conclusions of law and citations to any relevant law, rule, opinion, regulation or standard of conduct upon which it relied; and
- (b) a determination that a substantial basis exists to conclude that a violation has occurred, and the reasons and basis for such determination.

The joint commission shall also separately provide to the legislative ethics commission copies of additional documents or other evidence considered including evidence that may contradict the joint commission's findings, the names of and other information regarding any additional witnesses, and any other materials. With respect to a violation of any law other than sections seventy-three, seventy-three-a, and seventy-four of the public officers law, where the joint commission finds sufficient cause by a vote held in the same manner as set forth in paragraph (b) of subdivision thirteen of this section, it shall refer such matter to the appropriate prosecutor.

**14-b.** With respect to the investigation of any individual who is not a member of the legislature or a legislative employee or candidate for member of the legislature, if after its investigation the joint commission has found a substantial basis to conclude that the individual has violated the public officers law or the legislative law, the joint

commission shall send a substantial basis investigation report containing its findings of fact and conclusions of law to the individual. With respect to an individual who is a statewide elected official or a direct appointee of such an official, no violation may be found unless the majority voting in support of such a finding includes at least two members appointed by the governor and lieutenant governor and enrolled in the individual's major political party, if he or she is enrolled in a major political party. Where the subject of such investigation is a state officer or employee who is not a direct appointee of a statewide elected official, at least two of the eight or more members who vote to issue a substantial basis investigation report must have been appointed by the governor and lieutenant governor. The commission shall release such report publicly within forty-five days of its issuance.

- 14-c.** With respect to an investigation of a lobbyist, if after its investigation the joint commission has found a substantial basis to conclude that the lobbyist has violated the legislative law, the joint commission shall issue a substantial basis investigation report containing its findings of fact and conclusions of law to the lobbyist and shall make public such report within forty-five days of its issuance.
- 15.** A copy of any notice of delinquency or substantial basis investigation report shall be included in the reporting person's file and be available for public inspection and copying pursuant to the provisions of this section.
- 16.** Upon written request from any person who is subject to the jurisdiction of the commission and the requirements of sections seventy-three, seventy-three-a or seventy-four of the public officers law, other than members of the legislature, candidates for member of the legislature and employees of the legislature, the commission shall render written advisory opinions on the requirements of said provisions. An opinion rendered by the commission, until and unless amended or revoked, shall be binding on the commission in any subsequent proceeding concerning the person who requested the opinion and who acted in good faith, unless material facts were omitted or misstated by the person in the request for an opinion. Such opinion may also be relied upon by such person, and may be introduced and shall be a defense, in any criminal or civil action. Such requests shall be confidential but the commission may publish such opinions provided that the name of the requesting person and other identifying details shall not be included in the publication.
- 17.** In addition to any other powers and duties specified by law, the commission shall have the power and duty to:
  - (a)** Promulgate rules concerning restrictions on outside activities and limitations on the receipt of gifts and honoraria by persons subject to its jurisdiction,

provided, however, a violation of such rules in and of itself shall not be punishable pursuant to subdivision fourteen of this section unless the conduct constituting the violation would otherwise constitute a violation of this section; and

**(b)** Administer and enforce all the provisions of this section; and

**(c)** Conduct any investigation necessary to carry out the provisions of this section. Pursuant to this power and duty, the commission may administer oaths or affirmations, subpoena witnesses, compel their attendance and require the production of any books or records which it may deem relevant or material;

**18.** Within one hundred twenty days of the effective date of this subdivision, the commission shall create and thereafter maintain a publicly accessible website which shall set forth the procedure for filing a complaint with the commission, and which shall contain the documents identified in subdivision nineteen of this section, other than financial disclosure statements filed by state officers or employees or legislative employees, and any other records or information which the commission determines to be appropriate.

**19. (a)** Notwithstanding the provisions of article six of the public officers law, the only records of the commission which shall be available for public inspection and copying are:

**\* (1)** the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except the categories of value or amount, which shall remain confidential, and any other item of information deleted pursuant to paragraph (h) of subdivision nine of this section; **\*NB Effective until January 1, 2013**

**(1)** the information set forth in an annual statement of financial disclosure filed pursuant to section seventy-three-a of the public officers law except information deleted pursuant to paragraph (h) of subdivision nine of this section; **\*NB Effective January 1, 2013**

**(2)** notices of delinquency sent under subdivision twelve of this section;

**(3)** notices of civil assessments imposed under this section which shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the commission, and any sanction imposed;

- (4)**the terms of any settlement or compromise of a complaint or referral which includes a fine, penalty or other remedy;
  - (5)** those required to be held or maintained publicly available pursuant to article one-A of the legislative law; and
  - (6)**substantial basis investigation reports issued by the commission pursuant to subdivision fourteen-a or fourteen-b of this section. With respect to reports concerning members of the legislature or legislative employees or candidates for member of the legislature, the joint commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of paragraph (b) of subdivision nine of section eighty of the legislative law.
  - (b)**Notwithstanding the provisions of article seven of the public officers law, no meeting or proceeding, including any such proceeding contemplated under paragraph (h) or (i) of subdivision nine of this section, of the commission shall be open to the public, except if expressly provided otherwise by the commission or as is required by article one-A of the legislative law.
  - (c)** Pending any application for deletion or exemption to the commission, all information which is the subject or a part of the application shall remain confidential. Upon an adverse determination by the commission, the reporting individual may request, and upon such request the commission shall provide, that any information which is the subject or part of the application remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns his office and holds no other office subject to the jurisdiction of the commission, the information shall not be made public and shall be expunged in its entirety.
- 20.** If any part or provision of this section or the application thereof to any person or organization is adjudged by a court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect or impair any other part or provision or the application thereof to any other person or organization, but shall be confined in its operation to such part or provision.
