JCOPE To Suspend Lobbying Random Audit Program

In response to the COVID-19 pandemic, and to avoid unnecessary administrative burden for the regulated community at this difficult time, JCOPE has suspended the Lobbying Random Audit Program, effective immediately. No new audits will be initiated until further notice. Compliance with all ongoing audits is voluntary until the program is resumed. Any change to this policy will be publicly announced.

Any questions should be sent via email to helpdesk@jcope.ny.gov, with 'Audit' in the subject line.
